TUSTIN LODGE TO LAY STONE NEXT SUNDAY

TUSTIN, April 23.—On Sunday afternoon at 2 p. m. April 26, the cornerstone for the new Tustin Knights of Pythias building will be laid. There will be a program of short speeches by prominent members of the order, also singing and at the close of the exercises James B. Utt who is president of the Tustin Pythian Building association, will have the honor of laying the stone.

A cordial invitation has been extended to all to attend this ceremony as the Pythian Brothers and Sisters have looked forward to this new building for some time. They are at an expenditure of about \$40,000 and are putting up a building of which Tustin will be proud.

The size is 52 by 135 feet, which is the exact size of the lot, on the main floor there will be five business rooms; the second floor will be entirely for lodge purposes with a banquet room and kitchen.

There will be basement room under the entire building.

C. C. DIRECTORS FAVOR 6-CENT CITY BUS FARE

A 6-cent fare is sufficient to place the Pacific Electric bus lines of Santa Ana on a paying basis, in the opinion of directors of the Chamber of Commerce, as expressed at a meeting of the board this morning.

The directors also believe that the request of the transportation of the company, filed with the city council, for an increase in rates should be granted only on condition that the company extend one or more of the present routes and that it run a limited train to and from Los Angeles early in the morning and late in the afternoon.

Clyde Downing, Bruce Switzer and Stanley Goode were appointed a committee to represent the board at a meeting of the city council to be held Monday evening at which consideration will be given the proposal to increase the rate to 7 cents.

At the same time the directors approved a letter on the subject sent to Mayor J. W. Tubbs by Secretary A. L. Olinger, giving views of the chamber on the request for an increase.

According to Olinger, he and O. A. Smith, passenger traffic manager of the railway company, virtually had agreed to a number of matters involving an increase in rate and the establishment of certain service by the company.

Suggest Improvements

In his letter, the secretary suggests that the railway company be asked to consider the following improvement in service, and institute them in return for an increase in the fare:

"That a limited train be run from Santa Ana to Los Angeles in the morning, and a sundown express in the evening, as an accommodation to many who might want to live in Santa Ana and work in Los Angeles, if this service were available. If the present running time for this special train might be reduced by 12 to 15 minutes, it would mean that we could advertise the fact that Santa Ana is within one hour's ride to Los Angeles. This 12 to 15 minutes would have considerable bearing in securing new residents for Santa Ana.

"That universal transfers be granted, so that patrons might transfer from the buses to the street cars, especially from buses to the Orange line for points on North Main street, and vice versa.

Urge Extensions

"That certain extensions be made so that some of the new districts in Santa Ana may have service, the extensions to be decided upon after a thorough survey is made with the point in view of being fair with all concerned, said extension to be based on merit as to service and profits accruing.

"That half fares be granted school children on all lines operating within the city of Santa Ana."

"These items were checked up with a certain Pacific Electric official a few weeks ago in an informal way, and at that time the officials stated that they might be granted if the company was given an increase in fares to 6 cents," Olinger said today.

Report on Band

Reporting as chairman of the committee appointed to direct steps in the organization of an association for financing the Santa Ana municipal band, Clyde Downing announced that several clubs had appointed committees to the general committee, and that a meeting of the group would be held in the immediate future for organizing plans to create the association.

The following new members were received:

Carl G. Strock, jeweler; Chas. H. Tinsley, chiropractor; C. A. Campbell, agriculturist; Holly Sugar Corp.; T. J. Lilly, chief clerk Holly Sugar Corp.; R. E. Daniels, superintendent, Holly Sugar Corp.; Herman J. Zabel, bureau of identification; Prior & Siddoway, insurance and real estate; J. W. Chandler, wholesale fruit.

5 Are Fined On Traffic Counts

Yesterday was a light day in police court, only five cases being heard by City Recorder J. F. Talbott. Three persons were charged with parking between the hours of 2 and 5 in the morning. They were Alice S. Gale, 412 West Second street, W. W. Hendrix, 410 West Second street, and Chester E. Horton. Each was fined \$5. W. B. Mellett was fined \$5 for parking overtime. R. H. Ford, Los Angeles, was fined \$5 for turning his car in the middle of the block.

Fire Guts Vacant House on Fourth St.

Fire, originating from an unidentified cause, possibly from spontaneous combustion, completely wrecked a vacant house, located at 920 West Fourth street, shortly after midnight. The house was the property of Mrs. Bessie Kenzie, of Long Beach. According to Chief John Luxemburger, an investigation showed that the house was unfurnished and had been closed for some time. The damage will amount to approximately \$900.

CHILD'S BEST LAXATIVE— CALIFORNIA FIG SYRUP

MOTHER! Even if cross, feverish, bilious, constipated or full of cold, children love the pleasant taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

SANTA ANA MAN IS CALLED BY DEATH

Following an illness of several months, George McMahon Bacom, 62, a resident of Santa Ana for the last eight years, died at his home on North Maybury street early yesterday.

He was a native of Illinois and came to California approximately 40 years ago, settling near Sacramento, where he lived for 13 years. He then moved to British Columbia where he spent several years before coming to Santa Ana. He was a rancher.

The deceased is survived by his widow, Mrs. Zittell T. Bacom, a sister, Mrs. Hammell. He was a brother-in-law of City Recorder J. F. Talbott.

Funeral services will be held from the parlors of Smith and Tuttle tomorrow afternoon, at 2:30 o'clock.

Raw, Itchy Toes Sore, Tender Feet

Irritating acid perspiration from the foot pores produces cracked toes, itching between toes, rawness and tender, aching, swollen feet.

The moment you apply "Phillips Milk of Magnesia," all this soreness, itching and tiredness disappears. Just pat it on, it dries instantly. Nothing else stops foot weariness so promptly as this harmless antacid.

Insist upon genuine "Phillips Milk of Magnesia." All drug stores sell 25-cent bottles.

BULGARIAN FORCES FIRE ON PEASANTS

(Continued from Page 1.)

was done," Mackinder said, "and

questioned a bystander. We learned that the condemned man's finger nails probably had been torn off during the third degree torture. The government did not wish the populace to see this condition.

"We are definitely of the opinion," Mackinder continued, "that Bulgaria's troubles are due to suppression of the freedom of the press and the outlawing of all decent parliamentary opposition.

A-B Gas Ranges

"The Aristocrat of Gas Ranges"—only at Chandler's

You may enjoy the possession of an A-B gas range and yet pay no more than \$36.25 for the neatest, most compact model that could be put into your kitchen. From that up to the finest "Aristocrat" model at \$325—there are sizes, styles, prices for everyone.

A-B gas ranges are nationally known and approved by experts the country over. They are used today by more than a million particular housewives. They have won distinction on patented features that you cannot find in any other gas range on the market.

A-B Oven Heat Control

A simple dependable device that works this wonder in the regulating of oven heat in A-B stoves. All A-B models may be had with oven heat control, this feature involving only a slight additional cost. A uniform temperature for baking, roasting and oven cooking is always maintained—one turn of the dial being all that is necessary to accomplish this result.

\$75

A Special Price on This Model of the A-B GAS RANGE

Without any exception—the greatest stove value that Chandler's have ever offered. Leader value in a tremendously important A-B campaign that brings to you practically an all-white range at the usual cost of a black range of the same quality. Well-known A-B features embodied in this special model. See it—visualize it in your own kitchen.

WILDER METAL

Guaranteed Rust-Proof OVENS

Oven linings of A-B Aristocrat gas ranges are constructed of "Wilder-Metal" Aluminum Alloy—a patented metal which does not rust or burn out.

In fact, they are permanently guaranteed to withstand rust or heat corrosion—the greatest assurance of long life in a range.

Death Notices

A WORD OF COMFORT
You know that the one you love
would have rejoiced to do so
many good things if he could have
lived longer here on earth. Do
them yourself; let his desire
speak through you.
Come to it that you do not miss
the opportunities of a single day
to do the kind and thoughtful
things you would have done for
him if he were here. Tomorrow
you should wake in Paradise.

BACOM—At his home, North May-
bury street, April 22nd, 1925, George
McMahon Bacom, aged 62 years,
husband of Zella T. Bacom and

The Well-Dressed Man

By BEAUNASH

Correct Clothes To Meet The Obligation Of Every Occasion

THE PATCH-POCKET SUIT
Style is what, in dog Latin, they
term an "omnium gatherum" of
utility, decoration and tradition.
For example, why do they sew
buttons upon the sleeves of a
man's coat? Buttons there serve
no useful purpose. They are like
the proverbial fifth wheel upon a
wagon. The practice was origi-
nated by Count d'Orsay, a famous
French dandy, who lived in Eng-
land. He noticed that his fash-
ionable followers were growing lax
in their personal habits, often mak-
ing the lace-trimmed sleeves of
their coats do duty for a handker-
chief. He got the brilliant inspira-
tion to have his tailor sew a row
of buttons upon the sleeve, know-
ing that others would do likewise.
Then, when they tried to brush
the nose with the sleeve—well, it
simply cannot be done without an un-
comfortable tweak. From that
time, the early eighteen forties, to
the present day buttons have con-
tinued to embellish the sleeves of
men's coats.

Similarly, the patch pocket was introduced upon a coat to dif-
ferentiate country styles from town styles. Originally, this pocket
was only used for golf, sporting and shooting garments for which
on account of its rugged, roomy look, it is especially appropriate.
By degrees, however, the patch pocket spread to lounge and
business clothes, so that at one time it was as frequently met as the
regulation flap pocket. Nevertheless, the flap pocket, strictly reck-
oned, belongs upon field and knockabout clothes alone.

The 3-button patch-pocket suit, of the type portrayed in the
accompanying sketch, is a spruce country model, with its rounded
off front, semi-peaked lapels, straight-draping back and absence
of vent. It is one-quarter or one-eighth lined and roundabout 30
inches long. To make this style more noticeably a sporting one,
it may have two breastpockets and these may have flaps. Also,
the back may be lengthwise pleated above and below the waist,
instead of plain.

An important attribute of the wardrobe of The Well-Dressed
Man is variety, permitting occasional and agreeable changes. To
have on the same thing every day is tiresome alike to the wearer
and the observer and reflects upon one's taste. Therefore, you
should possess a single-breasted suit, a double-breasted suit and a
patch-pocket suit. Two of these may be light-colored; the other
should be dark. President Coolidge recently chided some college
students for having on excessively wide trousers that wrinkled
over their insteps in an unsightly manner. Do not wear exagger-
ated "sailor bottoms".

The Cheerful Cherub

Although I'm often
foolish
And my life is full
of breaks
I make a sort of
virtue
Of admitting
my mistakes.
R. M. CANN

Local Briefs

Mrs. Perry V. Groul, 46, died at
her home, 426 North Glassell street
Orange, today. Funeral services
will be announced later. Mrs.
Groul had been a resident of Or-
ange for 18 years. She is survived
by her husband, and one daughter,
Mrs. William C. Cook; her par-
ents, Mr. and Mrs. C. E. Carpen-
ter, Randall, Kas., one sister, Mrs.
Sherman Motes, Scottsville, Kas.,
and a brother, Walter Carpenter,
Gooding, Ida.

Inquiries made this morning at
the board of education offices
elicited the information that no
successor has been appointed to
Leroy A. Warren, attendance offi-
cer of the school district, who re-
signed to take the position of coun-
ty chief probation officer. It was
intimated that the remainder of
the school term may be filled by
a temporary appointment.

Jayhawkers of Orange county
are invited to attend the Kansas
picnic to be held Saturday in Syc-
amore Grove park, Los Angeles.

Arrivals at St. Ann's Inn include
J. S. Doran, Los Angeles; J. M.
Kroyer, Los Angeles; Mr. and Mrs.
W. W. Casey, San Mateo; O. B.
Aman, San Bernardino; T. H. Cum-
mer, Los Angeles; J. M. Connor,
Los Angeles.

Santa Ana are William P. Shreber,
Los Angeles; Ben S. Baum, New
York; Mr. and Mrs. Joseph A.
Ruegg, Riverside; Mr. and Mrs.
Hugh M. Jones, Arcadia; Miss
Peggy Nelson, Los Angeles; Miss
Frieda Fredericks, Hollywood; E.
P. Murphy, Hollywood; William
Jarstad, Hollywood; F. L. Truell

LOCAL SCHOOL
WINS CUPS IN
COUNTY TESTS

Santa Ana high school carried
off the honors in the Orange
County Commercial contest, held
here yesterday afternoon among
representatives of county high
schools.

All places in the typing contest
were taken by Santa Ana student
teams. Bookkeeping honors were
won by Ivan Swanger of Santa
Ana. In the shorthand tryouts,
Miss May Rhone of Fullerton,
was awarded first. Santa Ana
had no entrant in the shorthand
contest.

The unlimited classification of
the typing meet was taken by
Miss Carol Erskine of Santa Ana.
Her speed record was 55 words
a minute. Miss Blanche Pratt,
of Huntington Beach, was second
and Miss Margaret Troeller of
Fullerton, was third.

Santa Ana second year students
were the best in their classifica-
tion. Orange was second and
Fullerton came third in rating.
The members of the winning
team were Dorothy Beckman,
Boula Hudson and Margaret
Martin. In the third class, the
Santa Ana team, composed of
Lizette Phillips, Marguerite
Coleman and Josephine Hoffman,
took first place. Second was
taken by Orange and third by
Huntington Beach.

Loving cups will be awarded to
the winning schools. Santa Ana
will be entitled to the cups for
typing and bookkeeping. Full-
erton will receive the third cup for
the shorthand entry. The cham-
bers of commerce of Santa Ana,
Anaheim and Fullerton are the
cup donors.

Students who won the places
in the Orange county contest are
entitled to compete in the South-
ern California meet to be held
Saturday, May 9, at Alhambra
high school, when the sectional
championship will be determined.
More than 50 students were
entered in the county elimina-
tion contests here yesterday.
The typing tests were conducted
by William Oswald, world cham-
pion in 1919, and now in the
educational department of a type-
writer company. He is taking
charge of similar contests all
over California.

Court Notes

Mexican Freed
Jesus Compos, of Delhi, was
freed of a felony charge, when
Superior Judge Z. B. West
dismissed a complaint that Com-
pos had assaulted Jose Galligoes,
of Delhi, with intent to commit
murder.

When the case came up for trial
yesterday, Chief Deputy District At-
torney C. N. Mozley informed the
court that he had been unable to
locate certain important witnesses,
and did not believe they would
ever be located. The testimony
available, he said, was not suffi-
cient to justify further prosecution
and he moved for dismissal.

Compos was not in court, being
represented by his attorney, A. E.
Koepsel.
Galligoes had accused Compos
of firing on him with a pistol, dur-
ing a brawl. Compos offered the
plea self defense and claimed that
Galligoes had picked the quarrel
with him, at the same time mak-
ing threats and backing them up
with a weapon of his own.

Trial Is Continued.
Charles F. Ehrenberg and J. A.
Morris of Huntington Beach yester-
day commenced trial of their dis-
pute over title to property at the
beach city, but failed to finish it,
and Superior Judge R. J. Williams
continued hearings to May 1 at
1:30 p. m.

Ehrenberg and Morris, it is said,
jointly purchased the property. Eh-
renberg, who is plaintiff in the
court action, claims that Morris
was supposed to pay off a mort-
gage, but failed, and that Ehren-
berg paid it for him. Ehrenberg
then claimed title, but Morris op-
posed his claim.

Attorney L. W. Blodgett, Hunt-
ington Beach, represents Ehren-
berg with Attorney Z. B. West Jr.
of Santa Ana, appearing for Mor-
ris.

Left Him After 34 Years
Gustav Marchal, of Fullerton,
claims that his wife, Catherine
B. Marchal, deserted him after
they had lived together 34 years.
Marchal's suit for divorce was on
file today in superior court. At-
torney George H. Gohar represents
him. The couple married at But-
te and sister, Los Angeles; G. A. May-
land, Los Angeles; A. A. Osterman,
Los Angeles; Mr. and Mrs. J. A.
MacMaster, Los Angeles; W. G.
Clark, Redlands; C. Brawham,
Bakersfield, Mr. and Mrs. F. L.
Grater, Sacramento.

Requiem mass for the repose of
the soul of Mrs. F. J. Wagner
of Delhi, who died suddenly April
13th was said at St. Ann's parish
church Tuesday last, at 8 a. m.
The Rev. P. C. Santy officiated.
Many friends from both St. Ann's
and St. Joseph's parish attended.

Relief from
Constipation
A Safe, Easy Way

Avoid drugs. They
form a dangerous
habit. You must increase the dose
to get the effect. The intestine
muscle atrophies. They look for help
before they will act. This is bad.
Thousands of people today cannot
eliminate food waste without taking
a drug. The more they take, the
farther removed are they from nat-
ural, normal functioning. They
further are they along the road to
chronic ill-health. Veronica is a
natural mineral water—nothing ad-
ded or taken away from it. It is not
a drug. It gently soothes nature, safe-
ly, surely. If you would feel again
buoyant, glad-to-be-alive feeling of pulsing
health start today with this wonder-
ful tonic treatment. Sold by all Drug Stores.

Expect 200 Will
Sign for Scout
Camp This Year

Approximately 200 Boy Scouts
of Orange county are expected to
sign up for Camp Ro-Ki-Li, at Big
Bear lake, this summer. It was
stated today by Roland B. Dye,
scout executive for this county.
Fifteen applications have been re-
ceived to date, he said.

The camp is held from June 24
to August 19, with Victor Teaney,
field executive, in charge. The
course is divided into four periods
of two weeks each. Scouts who
desire to stay less than two weeks
must secure special permission
from scout headquarters.

Camp Ro-Ki-Li was made possi-
ble by the Rotary, Kiwanis and
Lions clubs and derived its name
from the first syllable of the three
names.

Included on the program will be
"cats," swims, hikes, games, scout
tests and stories.

WILL PRESENT
OPERA AT H. S.
FRIDAY NIGHT

A colorful Spanish operetta,
"The Belle of Barcelona," will
be presented at the Santa Ana
polytechnic high school auditori-
um tomorrow night by a cast of
60 students.

The curtain will rise at 8:15
o'clock. The play promises to be
one of the most brilliant ever
given at the school. All depart-
ments of the high school are co-
operating in the preparations in
order to assure success of the
entertainment.

Full dress rehearsals were held
last night when final touches
were applied to the production.
Miss Louise Mansfield, head of
the music department of the
high school, is director.

Spanish dancers with clicking
castanets will add to the color
of the gay scenes. A troupe of
six girls will take part in the
special dancing acts. They are
Miss Sarah Hales, Miss Madelen
Gardner, Miss Ruth Singer, Miss
Marie McDonald, Miss Beth Nunn
and Miss Louisa Hampton.

The actors have been at work
on the operetta for two months.
Regular evening rehearsals have
been in progress constantly for
several weeks.

Reports of ticket sales at the
Santa Ana book store indicate
that the operetta will be well
attended. The performance to-
morrow will be the only program
offered.

The action of the play revolves
around a romance between Span-
ish senorita and a dashing Ameri-
can lieutenant of marines. Miss
Lorene Matney and Louis Napier
take the leads. Essentially a
music comedy, the solo and chor-
us singing are principal features
of the show.

Various high school teachers
have given assistance in perfect-
ing the operetta. They are Miss
Lucy Agar, Miss Anna Trythall,

dred Fraser, Miss Edith Aiton
and Miss Ruth Rowland.

Sues Well Driller
Because wells drilled for B. F.
Pinson, of Fullerton, on a tract of
land near Beaumont, failed to
yield 50 miner's inches of water,
as the driller had guaranteed, it
was alleged. Pinson today asked
judgment for \$2902.51, the cost of
drilling, in a suit filed in superi-
or court against V. A. Porter.
Porter agreed to drill the wells
and produce the stated quantity of
water, Pinson claims. The agree-
ment provided that, in event of
failure, Pinson was to be repaid
his costs.

No doctor should have more than
2500 patients on his list, says a
British medical authority.

Baldness is said to be increasing
among civilized people, particularly
those living in cities.

CHICKEN THEFT
RING BROKEN.
BELIEF; 3 HELD

Operations of a ring of chicken
thieves throughout Southern Cali-
fornia, that have been particularly
active in Orange county, were be-
lieved to have been halted today
by the arrest of three men, Joseph
Lopez, 19, Jose Vasquez, 39, and
Angel Vasquez, 26, who are being
held in the county jail pending in-
vestigation. Other arrests may be
made in connection with the case,
Chief of Police Charles B. Nichols,
at Anaheim, declared today.

Acting on a tip from the proprie-
tor of an Anaheim grocery store,
officers visited the establishment
when notified that three men had
just brought in a number of
chickens to sell. The grocer had
been purchasing chickens from the
men for several months, but re-
cently became suspicious when
they brought in a number of sacks
filled with purebred Rhode Island
Reds. The men appeared yester-
day with 36 chickens.

They told conflicting stories re-
garding the chickens, it was de-
clared. Anaheim officers were
sent to San Fernando yesterday to
investigate activities of a chicken-
stealing ring in that vicinity. Chief
Nichols stated that similar opera-
tions in a number of other South-
ern California communities would
be probed.

A Buena Park rancher yester-
day is said to have identified a
number of chickens which the Mexi-
cans had recently sold to the gro-
cer. The delivery truck belonging
to the prisoners, which was seized
yesterday, was allegedly identified
as one that was seen in Buena
Park about the time the robbery
was perpetrated there.

According to police, Angel Vas-
quez has a police record, and is
believed to be the leader of the
gang.

SCOUTS OF TUSTIN
ATTEND CONFERENCE

TUSTIN, April 23.—Rev. Mc-
Dougall of the Tustin Presbyterian
church took a party of boys to
Hollywood Saturday morning to
see a special performance of a mov-
ing picture. The boys are mem-
bers of the local Y. M. C. A. and
all had the honor of being chosen.
They were Charles Belandis, Ed.
Thiery, Bob Kirk, Vernon Comer,
Daird McDougall and Elton Carson.
After the show the party motored
to Santa Monica to attend the Y.
M. C. A. conference.

Mrs. Quincy Page and children
of Corcoran are visiting a few days
here with relatives and friends.

Miss Lena Wollenberg was op-
erated upon Monday morning at the
Santa Ana hospital. Her condition
is very serious.

Fred Cooper has returned to his
home on Newport Road, after
spending several days with his
brother Lee at Elsinore Lake.

Miss Helen Ryan of the high
school faculty spent her vacation
at her home in Santa Barbara.

Mr. and Mrs. Cloyd Pettit and
daughter, Irene, accompanied by
Mr. and Mrs. Grant Henderson and
daughter, Miss Ollie Crane spent
Sunday visiting Mr. and Mrs. C. C.
Bonner at Escondido.

Mr. and Mrs. H. Ray Smith, son
Thomas, and daughter Marion,
spent several days at Laguna
Beach last week.

Miss Minnie C. Childs entertained
a few close friends at a delightful
luncheon party Sunday, in honor
of her birthday. The table was de-
corated with a profusion of pink
roses, and the place cards were of
the same delicate pink and mark-
ed places for the guests, Mr. and
Mrs. William Otis of Santa Ana,
Mr. and Mrs. W. G. Robbins, Mr.
and Mrs. James Vance and Mr.
and Mrs. Charles A. Vance and
daughters, Misses Louise and
Charlotte Vance.

Mr. and Mrs. C. O. Artz and
daughters, Thelma and Louise,
spent Easter Sunday with Mrs. P.
H. Smith and family of Fresno.
Mrs. Smith and Mrs. Artz are sis-
ters. The Artz family went on to
San Francisco, returning Saturday.

Rankin's
Bargain Basement

Fourth and Sycamore

Beautiful Windows
from these Bargains

When the question of renewing window hangings this spring
and summer hinges upon their cost, the many bargains in curtain
nets, silks, and other materials in Rankin's Bargain Basement will be
welcome to such households. A few of the varied displays are
touched upon below:

New Drapery Gauze;
jacquard patterns; tan
only; full pieces; yard 59c

A Great
Radio Success

—new coupled Angelus
—complete cost is \$89
—\$1 down, easy payments

\$1 DOWN!

Many people who understand radio technicality
have been in to examine the circuit in the new An-
gelus set and have pronounced it a distinct
improvement in radio reception. Actual results prove it.
Most of the sales made the first day of this offer were to
people who know the "insides" of radio. It's a winner!

It wins because it is an improvement—because we
are selling it COMPLETE READY TO OPERATE for \$89
—because we are delivering it and installing it for \$1
DOWN, and allowing easy terms on the balance.

Have YOU looked into this

From high-chair days up—
a better breakfast!

A "better breakfast" takes first place in mother's food plans for baby. Even the young mother with her first toddling tot knows that a nourishing, hot cereal is the prime morning need of a growing child.

For more than 30 years Carnation MUSH has had a large share in the growth and health of countless children. For an all-wheat reason! It is Mother Nature's first and finest food—wheat—transformed into creamy white flakes that are light and airy yet filled with tiny stomach nutriment.

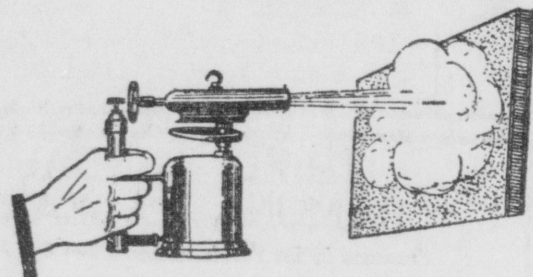

All the health-value of whole wheat in tempting, flaky form! Quick to prepare! Easy to digest! Easy to assimilate!

For baby's better breakfast [and for baby's quick-to-digest supper]—Carnation MUSH!

S. A. STUDENTS TO GLASH WITH L. A. DEBATERS

In the last debate of the year, Santa Ana polytechnic high school students will clash with a team from the Los Angeles high school tonight at 8 o'clock, in the auditorium of the local high school.

David Roberts and Raymond Grist will represent Santa Ana, debating the negative of the question: "Resolved, that Superpower Hydro-electric Projects Should Be Developed and Controlled by the United States Government."

The debate will conclude the third series of the Southern California high school league meets. Santa Ana is not in the running for the championship honors.

At the time the debate is held, a second team will meet in Los Angeles in a practice encounter. The Santa Ana team comprises Miss Louise Turner and Fred Taylor. They will debate the affirmative of the question.

You And Your Friends

Please Phone or Mail Items

J. C. Metzger, former secretary of the Santa Ana Chamber of Commerce and now president of the Commercial Secretaries association of Southern California, will leave tonight for Eureka, Cal., to attend the annual meeting of the Commercial Secretaries of California convening Monday for a two-day session. A. L. Olinger, secretary of the local chamber, also will attend the meeting.

Mrs. A. A. Schlasman, her daughter, Mrs. H. F. Turner, and their guests, Mrs. George Prather of Tustin and Mrs. Edna Kin-sella, attended the Reciprocity Day celebration Monday of the Woman's club at Orange.

Mrs. Sarah Alford of Riverside is visiting at the home of her daughter, Mrs. M. D. James, 2206 Maple avenue.

Mr. and Mrs. William McKay of 607 South Birch street are having a pretty bungalow constructed at 310 Amada street, East Newport, Balboa. It will be finished in about three weeks, and has already received the name of "La Casita."

Word has been received that Mrs. Heiman Quandt of Tustin, who has been visiting her mother in Akron, Colorado, will return to her home within a few days.

Miss Minnie Clarke of 610 West Second street, left yesterday on the Santa Fe for a trip to Loveland, Colorado.

Mrs. B. V. Kellogg of 822 South Birch street, left yesterday on the Southern Pacific for a visit in San Francisco of four or five days.

Mr. and Mrs. A. A. Schlasman of 1201 West Fifth street were weekend visitors at Long Beach. Mrs. Schlasman attending the pot-luck dinner and card party given by the order of the Eastern Star. In the evening Mr. and Mrs. Schlasman were guests at a housewarming at the new home of their nephew and niece, Mr. and Mrs. Lloyd Coney, where Mrs. Schlasman won a handsome prize at cards.

Mrs. John Bestgen and five children, who have been in Santa Ana since last November at the home of Mrs. Bestgen's sister, Mrs. George Ravenkamp, and her mother, Mrs. Elizabeth Dryer, left Sunday for their home in Sturgis, South Dakota, to join Mr. Bestgen, who left two months ago. Mr. and Mrs. Bestgen have been living for several years in the state of Washington.

Ladies! Complexion Worries Ended at Last

This Delightful New Vanishing Cream Containing True Butter-milk Must Make You Look Years Younger or Money Back—Just Try It

Get a small quantity at any pharmacy or toilet goods counter, simply apply it to your face. It is a cream, and it costs so little that any girl or woman can afford it. Your complexion must quickly show a decided improvement or your dealer is authorized to return your money without question should you be dissatisfied.

No matter whether you are troubled with wrinkles, hard little lines around the mouth and eyes, coarse, yellow, faded looking skin, or simply roughness and redness caused by wind and sun, you will find that all these trials quickly disappear with the use of this old-fashioned beauty recipe brought up to date.

Howard's Buttermilk Cream is only sold on a positive guarantee—satisfaction or money back. At all drug-gists—Adv.

BLAMES CARELESSNESS FOR WATER WASTE IN SANTA ANA; URGES CONSERVATION NEED

Asserting that residents of Santa Ana give very little thought to conservation of the domestic water supply, Walter Wray, superintendent of the municipal water plant, declared yesterday, in an address at the meeting of the Kiwanis club, at St. Ann's Inn, that a tremendous volume of water is wasted through the carelessness of consumers. With an average daily consumption of 130 gallons per person per day, consumers here use more water than residents of other cities in the southland, according to the superintendent.

Leaky hydrants and toilets and carelessness in permitting water to run through open hose were mentioned as sources of extravagant and unnecessary waste of water.

While urging that consumers conserve the supply, the superintendent said that is no prospect of shortage of water this summer.

Boost Water Costs.
"Pumping is expensive and those responsible for the waste are adding to the cost of water development in the city," Wray said, in emphasizing his point as to the waste being unnecessary.

In presenting some of the details of operation and expansion of the local system, Wray brought out the information that there are at present 7406 active services in the city. On the basis of four and one-half persons to a water tap, Santa Ana has a population of 33,327, he said.

Pointing out that the average lift in the city wells is 260 feet, the superintendent said consumers should strive to save water in order to prevent extra costs in production, if for no other reason.

Water Plane Lowering.
"The coastal water plane is lowering all the time and this fact alone should arouse consumers to the necessity of conserving water whenever they can," Wray said.

"The level of the city wells is lowering two and one-half feet a year. Every house owner should see that water fixtures are tight and that there are no leaks. Virtually 50 per cent of the waste is by leaky toilets. A defective flush tank of six to seven gallons will run 20 gallons of water every time it is flushed. Many consumers waste water by letting a hose running on the lawn or in the back yard longer than is necessary. Waste also results from doing more sprinkling than is really necessary.

"Leakage in pipes also is a source of waste. Under 80 pounds pressure, a 1-16 inch opening will cause a waste of 1.04 gallons a minute. In 30 days, this amounts to a heavy wastage."

Indicating the rapid growth of the city in the last four years, Wray said that the department pumped 1,417,275,065 gallons in 1924, as against 800,000,000 gallons in 1920. He said the volume pumped in 1925 would be greater than in 1924.

Plant Nears Capacity.
"We now have a pumping plant capable of producing 8000 gallons a minute and we expect the summer demands will pretty nearly reach our capacity," Wray said, adding that there would be no shortage this summer.

Reviewing the history of the water service in the city, the speaker said that the first well here was put down by W. H. Spurgeon in 1878, and his water development was followed in succession by S. H. Brunner and R. J. Blos, the three plants serving different parts of the city. The city drilled its first municipal well in 1888, on West First street, the location of the present water plant. The second well was drilled in 1889, and four years later two wells were added. The first meters were installed in 1901. All services today are on meters, with the exception of manufacturing plants, where large volumes are used. There are six of these and they pay a flat rate. The first ordinance regulating the use of water was passed in 1891. In 1892 coal for fuel for the boilers at the waterworks was hauled from a mine in Santiago canyon.

The first bond issue for the municipal plant was voted on Aug. 19, 1890, and other issues followed in

1904, 1909, 1911, 1914, 1920 and 1923.

Presents Snappy Program.
John W. Estes Jr. was chairman yesterday and put over a snappy program, one of the features producing a future when three automobile dealers, who are members of the club, arose in protest at a purported letter from O. A. Haley, car dealer, declaring that Haley was going to resign from the club because all members of the club had not purchased an automobile from him. At conclusion of reading of the letter by Secretary Fred Pory, George Dunton, Arthur May and Otto Haan entered violent protests against their competitor attempting to commercialize his membership in the club. A fine was imposed on Haley, with collection to be made from the three dealers who protested.

A portion of the cast of "The Belle of Barcelona," to be presented by the high school at the auditorium tomorrow night, entertained by presenting portions of the opera.

The numbers included a solo by Miss Lorene Matney; duet by Miss Virginia Bailey and Hubert Prior; solo, Louis Napier; duet, Miss Mansfield and Mr. Napier; and a solo by William Sequin. Miss Mary Brunner was accompanist.

Miss Lorene Mansfield, director of music at the high school, is director of the opera.

The club voted to provide emblems for four members of the Class C basketball team of the high school.

AWARD BADGES TO SCOUTS AT ANAHEIM MEET

Forty-eight merit badges and five second class badges were awarded at the scout court of honor of District 4, at Anaheim, last night. C. C. Smith, chairman, presided.

Courts of honor of District 2, Santa Ana, and District 5, Fullerton, will meet Friday night.

The scouts receiving merit badges are Howard Heneman, senior patrol leader, Troop 3, 12 badges; Joe Shea, Troop 3, eight badges; Lawrence Poirier, Troop 3,

LOCAL RESIDENT CALLED TO REST

Mrs. Armeta E. Wells, 74, a resident of Santa Ana for the last 23 years, and wife of F. A. Wells, died at her home, 802 Spurgeon street, last night at 9 o'clock. She had been in poor health for several months.

Mrs. Wells was formerly Mrs. C. A. Kingston, and was well known in Santa Ana. Besides her husband, she is survived by one son, F. C. Kingston, of Los Angeles. She also leaves a brother, W. G. Mitchell, of the Irvine ranch, and a sister, Miss Ida Mitchell, 402 Vance street.

The deceased was a native of Canada, coming direct to Santa Ana from London, Ont., in 1902. Funeral services will be held from the family residence at 2:30 p. m., Saturday, the Rev. Will A. Betts, pastor of the First Methodist church, officiating. Burial will be in Fairhaven cemetery.

There is a Quick Relief for Sour Stomach.

Thousands of people have found in Smith Bros' famous old stomach tonic, M-A-C, a quick and reliable relief for sour stomach, excessive gas and other ailments resulting from a disordered stomach.

Many have found in M-A-C not only an immediate relief, but a tonic which in a short time strengthens the whole digestive system and encourages it to act with its old time vigor and healthy regularity.

You will find this reliable tonic to be mild in its action and easy to take. It contains no alcohol and is non-habit forming. Its long standing reputation has been built on its reliability as a quick and efficient relief. Many people keep it on hand as a household remedy for young and old.

If you want freedom from stomach discomfort, go today to the C. S. Kelley Drug Store at Santa Ana and ask for a bottle of M-A-C. Your money will be refunded on the first bottle if it does not bring relief. (Adv.)

Betrothals Weddings Receptions By Eleanor Young Elliott Phone Nine-O.

Engagement News Told By Gay Butterflies And Flowers

Vivid butterflies, hovering over fragrant spring flowers, used in the adornment of the lovely H. C. Head home at 214 South Birch street, last night failed to maintain the secrecy of their companions, the daisies, for they told a lovely secret, that of the engagement and approaching marriage of a charming young friend of the home, Miss Allene Shipp to Rollo R. Hays Jr.

The party, one of the loveliest imaginable, was arranged by Mrs. Head and Miss Iris Head and the guests were the little group of attractive buds who made their bow to society at the same time and have since remained in its closest companionship as one after another of their number has joined the ranks of society's very young matrons.

Asked ostensibly for an evening of bridge, guests arriving at the Head home found swarms of gay butterflies hovering over countless baskets of spring flowers artistically arranged. The lovely motif was in evidence too on the tally cards indicating places for cards. An exciting contest resulted in victory for Miss Anna Grace McElree, with Mrs. Rollo Hays second and Miss Glenn-Jean Hill consoling.

Prize awards were not made until the close of the supper hour, however, and then a surprise feature was introduced when the attractive gifts were bestowed and to Miss Shipp was presented an exquisite lingerie set to be added to her trousseau treasures. The silken bits of daintiness were in peach tints and made a fitting addition to the honoree's lovely belongings.

For the supper, Mrs. Head and Miss Head asked their guests to the dining-room where the table was unusually effective with its flowers and attractive appointments. At each place was a rose nut cup above whose handled fluted a pink and blue butterfly with closed wings. When the wings were unfurled, each guest found a tiny card with the names of Miss Shipp and her fiancé and the date "June 25, 1925" when the wedding ceremony will take place. Excitement was so great that it was some time ere the young people could settle down enough to enjoy the dainty three-course supper beginning with fruit cocktail and cheese straws, continuing through a chicken patty course to the final one of ices in wedding bell and slipper molds, individual cakes and coffee.

It was with delight that the guests learned that Miss Shipp's fiancé was in the Head home, and the popular "erry" was dragged into view to share the happy wishes being showered on his little dark-eyed bride-to-be.

Asked to share the hospitality of Mrs. Head and Miss Iris Head and anticipating many happy pre-nuptial events in honor of their honored guest, Miss Shipp, who is the latter's mother, Mrs. Claude Shipp, her fiancé's mother, Mrs. Rollo Hays sr., the Misses Anna Grace McElree, Kathleen Trago, Isabel Wylie, Glenn-Jean Hill, Alice Mateer, Katherine Buxton, Miriam Baird, Louise Campbell, Ethel Smallwood and the little group of young matrons of the crowd, Mrs. Robert Jeffries, (Helena Mateer), Mrs. Edward Ward (Nita May), Mrs. Fred Hobbs, (Ruth Cope) and Mrs. Jack Remberg ("Jimmie" Roberts).

MAN IS SOUGHT ON CHECK CHARGE

A man who uses the name of Frank Rodgers and poses as a motorist with car trouble, was sought in Santa Ana today by E. P. Murphy, special representative of the National Surety company, of New York.

According to Murphy, the "paper-hanger", who drives a Ford coupe, goes into a garage or filling station, stating he has had car trouble. He purchases some article, gives a check on Lee and Scott, designers and builders, a fictitious firm, and gets the balance in cash, Murphy states.

The surety representative describes the man wanted as an American, 27 to 30 years of age, who weighs 150 to 160 pounds, has light hair and generally wears khaki trousers and puttees or a gray suit and hat and brown tie.

Merchants or others seeing Rodgers are asked to communicate with the local police or with Murphy at Hotel Santa Ana.

Spring-like Effects Add to Charm of Bridge Luncheon

Extending a gracious hospitality to a congenial guest group, Mrs. Robert G. Tutthill yesterday entertained at bridge following a beautifully appointed luncheon at her home, 1702 North Broadway.

Guests found their places around half a dozen small tables where columbine pink roses from the gardens of Mrs. Leonard Swales and other lovely blossoms of spring were used in artistic arrangement. Minor details of place and tally cards bore the same floral motif while dainty nut cups harmonized.

With the introduction of bridge in the afternoon, an interval of friendly competition was followed by a prize award and Mrs. Tutthill presented an exquisite plate in cut crystal to Mrs. Addie Collins, scoring high a pair of hand-embroidered pillow cases to Mrs. Howard Timmons, second high and a quaint Japanese figure to Mrs. L. A. Collier as consolation gift.

To add to the interest, the hostess announced that the one whose chair bore a magic symbol, would also receive a prize and the attractive little gift fell to the fortunate lot of Mrs. Coy Swindle.

The guest list included Mesdames Charles L. Davis, Coy Swindle, A. W. Rutan, L. A. Collier, J. L. Clark, Susan Rutherford, L. G. Swales, Ray Chandler, Addie Collins, Parke Roper, Fred Chapman, Georgia Denning, Spencer Collins, Frank Pinkerton, H. G. Heister, W. A. Flood, Frank Miller, G. S. Morrow, Frank Champion, George S. Briggs, Howard Timmons, Mrs. J. P. Baumgartner, S. A. Marsden, Ralph Moshier, Frank Charles Armin, Pettit, C. V. Davis, E. B. Burns, H. C. Daves, Dr. Mary Wright, J. N. Bartholomew, W. L. Deimling and Miss Margaret White.

Our Neighbors

POMONA.—The Los Angeles County Fair is moving along to the most successful season of its existence. The exposition this year will establish a new record in the history of county fairs. Exhibits in every class and department will exceed in volume and quality any previous exhibit at any county fair in the United States. That was the development of the meeting of the directors of the fair association in the offices in the Avis hotel building last night. Extensive improvements have been made to accommodate the increased demand for space. A corresponding increase in attendance is also expected. Most of these new structures are complete. Others will be erected before September 22, the opening date.

BAKERSFIELD.—Despite adversities caused by a severe period of drought during which Kern county lands were barren of pasturage, sheepmen of this district will enjoy one of the most prosperous seasons in years, according to predictions of local men who have studied the situation. According to L. V. Oleace of the Ardizzi-Oleace company, the value of this year's wool crop will exceed \$450,000. This total will be far above that of last year when sheepmen received from 5 to 10 cents a pound less for their wool than they will this season. The shearing season is over and the wool is stored in warehouses at Delano, Famosa and Bakersfield. Sale of this crop will start soon.

EAGLE ROCK.—The Southern California W. C. T. U. plans to build a home in Eagle Rock to cost in the neighborhood of \$50,000. The organization already owns a small home on Avenue 54, which it will sell. Three lots on Norwalk avenue, just west of Eagle Rock boulevard, have been secured as the site for the new home. The silver anniversary falls on April 23, and invitations have been issued for a meeting on that date at the home, when donations of silver will be received to go toward the building fund.

Betrothal Breakfast Is Smart Affair At College

To Mr. and Mrs. Rollo R. Hays of North Broadway, came yesterday the unique experience of offering both a son and a daughter to Cupid, for at a smart little breakfast given at Redlands University to members of the Alpha Theta Phi Sorority, the betrothal of Miss Annie Laurie Hays and Raymond Henry Bradstreet of Long Beach was announced. Again in the evening came the announcement of the engagement of Miss Allene Shipp and Rollo R. Hays Jr.

Hostesses at the early morning affair were Miss Maydelle Baker and Miss Edith Jane Colburn who asked their guests to a 6 o'clock breakfast at the Triangle, a highly favored and very smart little rendezvous of college folk at Redlands.

There the blue and gold colors of Alpha Theta Phi, view with the sorority flower, the pansy, in offering a charming scene as setting for thirty lovely young co-eds. A huge basket of sorority colors held blue and yellow sweet peas as a centerpiece from which yellow ribbons radiated to the places. Just after the guests were seated, the hostesses paid a very beautiful compliment not only to their honor guest but to her mother by asking Mrs. Hays to speak a few words of blessing on the breakfast.

Following the breakfast, all it symbolized. Immediately after her response, the yellow ribbons were drawn and each guest won a dainty cluster of pansies.

However, Miss Hays' ribbon brought a larger flower cluster, a corsage of white roses and baby roses while to one rose stem was attached a beautiful solitaire, her engagement ring. After her delighted inspection of it, it was passed along the line where each of her sorority sisters paid it the sincere tribute of an almost envious admiration.

The breakfast stressed the sorority colors as the service plates and glasses of blue were placed on yellow doilies and the menu was yellow as possible, starting with grape fruit over sweet peas and scrambled eggs with buttered toast, orange marmalade and coffee. It drew to a close with a toast to the bride-to-be, offered by Mrs. Mary McLendon, Alpha Theta Phi member.

Miss Hays is the daughter of Rollo R. Hays, insurance adjuster of Orange county for the New York Mutual Life Insurance company. She was one of the most school and in her social circle here. Her fiancé is an admirable young man, the son of Henry Bradstreet, prominent realtor of Long Beach. His qualities are attested by the fact that he is putting himself through the university where he has conducted the store for the past three years.

Since the young people each have one more year at college, they are not announcing any date for their marriage.

Although the Indian elephant has been man's servant for thousands of years, it is very difficult to domesticate an African elephant.

Public stenographer, Moore Bldg.

Teachers Conspire to Compliment Popular Bride-to-be

A mid-summer wedding which is attracting much interest among a wide circle of friends, will be that of Miss Katherine Greer, a member of the teaching force at McKinley school and George Duke of The Register composing room. Especially interested are the other members of the McKinley staff that the nuptials will be an event of either July or August. Last night the group planned a pleasant event to honor the bride-elect and arranged for her to remain at the school after school hours. An elaborate dinner was prepared and served at a table, adorned with colorful garden flowers.

To Miss Greer was accorded place of honor and next her sat Miss Mary Andrews, principal of the school. Covers were also laid for Miss Emma Hasty, Miss Alice Clark, Miss Artie Cleaveland, Miss Clarice Marx, Miss Margaret Scott, Miss Gertrude Streets, Miss Betty Newlands, Miss Kathleen Carroll, Miss Gertrude Potts, Miss Nayne McIntyre, Miss Pauline Metts. Following the merriment of the dinner hour, was the supreme surprise of the evening for suddenly Miss Greer found herself deluged with packages. "Bundles large and bundles small" were hers for the taking and when she opened the oddly shaped packages, she found all manner of lovely gifts which will find a place in her future home.

Cooked Food Sale

The Dorcas society of the First M. E. church will have a cake sale Saturday at Blauer's grocery when every variety of delicious homemade cake will be offered for sale. The Dorcas folk will be ready for patrons at 10 a. m. and anticipate a rush for the cakes as their reputation as culinary artists is well-established.

Rubber tired ball bearing skates Hawley's.

FRECKLES

Don't Hide Them with a Veil; Remove Them with Othine—Double Strength

This preparation for the removal of freckles is so successful in removing freckles and giving a clear, beautiful complexion that it is sold by all drug and department stores with a guarantee to refund the money if it fails. Don't hide your freckles under a veil or waste time on lemon juice or cucumber; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask for the double strength Othine. It is this that is sold on money-back guarantee. We recommend Othine Complexion Soap for use with Othine, also as a shampoo—it's wonderful for bobbed hair—25c a cake at all drug or department stores or by mail. Laboratories, Inc., Buffalo, N. Y.—Adv.

"Baby Week"

April 27 to May 2

IT is natural that the Betty Rose Shop would wish to impress its service upon mothers during national Baby Week, specializing as we do upon baby matters. We expect to drop everything else and devote our entire attention to mothers-to-be and mothers of young children during this week. We want you all to come in and visit with us a while—perhaps we can give you some valuable hints.

Rest Room

The use of our Rest Room is at your disposal at all times. The central location of our store makes it a real convenience.

Baby Apparel

This is a baby shop; baby apparel is our business; the things we have are chosen because they are right, best, attractive, and moderate in cost!

Baby Scales

We recently purchased a special scales for weighing babies; they are yours to use, together with card indices for regular records.

We have a full line of Vanta garments, vests, binders, bands, Baby Bess hose, etc.

And everything else that is nice—for baby!

SICK WOMEN ATTENTION!

Read this Remarkable Testimony
Regarding Results from Taking
Lydia E. Pinkham's Veget-
table Compound

Norfolk, Virginia. — "If you only knew how many women and girls have taken your medicine by hearing my testimony, it would seem wonderful to you. Every day and every chance I have I advise some one to try it. It was in June, 1904, when I had given up ever getting well, that I wrote to you. My husband went to the drug store and brought the Vegetable Compound home to me. In a few days I began to improve and I have often said since. I am now passing through the Change of Life and still stick by it and am enjoying wonderful health. When I first started with your medicine I was a mere shadow. My health seemed to be gone. The last doctor I had said he would give me no more local treatments unless I went to the hospital and was operated on. That was when I gave the doctors up. Now I am a healthy, robust woman. I wish I could tell the world what a wonderful medicine Lydia E. Pinkham's Vegetable Compound is." — Mrs. J. A. JONES, 317 Colley Avenue, Norfolk, Virginia.

MAN, ASSERTED SLEUTH, HELD ON RUM COUNT

After being away for several weeks, John Yeargan, 20, said to be a detective for the California Intelligence bureau, engaged by the Anti-Saloon league, is back in the county jail, not in the old cell he occupied, because the jail has been moved since he was a prisoner, but behind the bars, nevertheless.

On January 8, Yeargan was found guilty in Justice Kenneth Morrison's court of selling intoxicating liquor. He furnished bond and appealed the case. The appeal was not granted, according to Morrison. A warrant for his arrest was served Tuesday at Pomona. Constable Jesse Elliott brought him back to jail Tuesday night.

The complaining witness is J. A. Porter, Newport chief of police, the original case coming from that city. Yeargan gave his occupation as bricklayer.

Morrison said today that, during the original trial, Yeargan told him he was a detective.

3 FACE TERMS IN JAIL FOR FAST DRIVING

At least three of the 30 persons scheduled to appear in Justice Kenneth Morrison's court Friday morning on speeding charges, face terms in the Orange county jail, of past sentences imposed by Morrison on persons driving more than 50 miles an hour, are any criterion.

A. L. McAllister, 742 South Kingsley drive, Los Angeles, was arrested by Motorcycle Officer F. G. Yoder on the San Diego highway several days ago. Yoder charged him with speeding 65 miles an hour and reckless driving.

James Weston, 4706 Eighth avenue, Los Angeles, has a ticket signed by Motorcycle Officer Ray Bradford, alleging reckless driving and speeding 60 miles an hour. Weston was nabbed on the Serra front April 18.

A. Kemper, Balboa man, was arrested by Constable Jesse Elliott and is accused of speeding 50 miles an hour on the Balboa road.

There are also six reckless driving cases to be heard before Morrison, Friday.

"Watch" for house auction Wednesday, April 29th, at 2 p. m., 2215 Bush St. A dandy home at your own price at auction. Grasher Realty Co., Agents, 310 N. Main St. Jack Martin, Irish auctioneer, sells it. Phone 365 Anaheim.

Used car prices are lower this week. Read Register Want Ads—Buy and save.

Sol Gonzales to Open Store Here

Sol N. Gonzales, who has been a resident in Santa Ana for 12 years, will open a new store Saturday next, at 314 West Fourth street. The stock is new, popular priced merchandise and consists of dry goods, shoes, notions and ready-to-wear.

Gonzales started work in Santa Ana for small wages. Many remember him as connected with the Mayo Stores company.

"I have had faith in this city from the start," he said. "My savings went into real estate and the increase in its value has made possible some things I had often wanted, including this new store."

The new proprietor has a host of friends in the city who will be glad to see this evidence of his success.

STUDENTS ELECTED TO HONOR SOCIETY

Students elected to permanent membership in the Science Seminar, honorary science organization at the Santa Ana polytechnic high school, were made known today by J. Russell Bruff, faculty advisor.

Membership is given as special distinction to students in the science classes at the school. In order to qualify, it is necessary to be a delegate to the Science Seminar meeting for three times during the year and to pass a test on "the scientific method."

Twenty-one students are listed in the permanent membership. They are Josephine Ball, Dorothy Beckman, Rebecca Budrow, Eleanor Crookshank, Barbara Goodrich, June Goodwin, Raymond Grist, Judson Harmon, Helen Haynes, Fred Johnston, Fred Johnston, Thelma Moorehouse, Allen McDermott, Grace Prichard, Rosie Starnes, Helen Schoeneberg, Mary E. Smith, Robert Spencer, Virginia Thatcher, Lois Winslow and Ralph White.

Name Sergeant For Temporary Job With Police

ANAHEIM, April 23.—Ralph Young of Anaheim was today temporarily appointed by Chief of Police Nichols to act as sergeant during the absence of James Bouldin, who secured a leave of absence of one month.

Bouldin has been with the local police force since it was recently organized under the new city administration, and has taken the leave to accept a position as athletic advisor for the Union Oil company in the Brea district. If he finds this position satisfactory he will probably retire from the local force. Bouldin is an overseas war veteran and was formerly a professional ball player.

We fix almost anything. Fix it Shop, 105 E. Third. Phone 2520. Let Holmes protect your homes.

TWO GIRLS ARE INJURED WHEN CARS COLLIDE

ANAHEIM, April 23.—Eva Evans, aged 8 years, and her sister Betty, aged 18 months, were recovering today from injuries received when the automobile in which they were riding with their mother, Mrs. T. J. Evans, collided with another machine driven by M. D. Cohn. The accident occurred late Tuesday evening at the intersection of North Lemon and Sycamore streets.

The Evans car, according to a report on file at the police station, was traveling on Sycamore street and the other auto was going north on Lemon, and in order to avoid a collision, Mrs. Evans turned her car into an irrigation hydrant, injuring the children and breaking the windshield of the auto.

University To Conduct Realty Class by Mail

The University of Southern California has established a correspondence course in real estate and any person interested in learning more about this profession is invited to communicate with headquarters, room 1221 Transportation building, Los Angeles.

Prepared by experienced realtors and professional educators, this university correspondence course of 26 lessons offers instruction in buying, selling, renting, conveyances and deeds, title to real estate, mortgages and loans, contracts, liens, options, duties of an agent, fire insurance, advertising, and escrows. It is prepared also on the basis that a salesman, broker, or realtor should have a moderate knowledge at least of financing, general business conditions, and understanding of human nature.

Well-known Southern California realty men who have contributed to the content of the course include Harold Janss, Mason Case, Robert L. McCourt, G. Gordon Whitnall, W. L. Brent, H. S. Hossack, Edwin T. Keiser, Harrison Lewis, W. Hollingsworth, and such members of the commerce staff of the University of Southern California as George A. Schneider, O. J. Marston, W. H. Harwood, Thurston H. Ross and D. Walter Morton.

Legion Notes

A special entertainment with "oats" is announced for the regular meeting of the Santa Ana post of the American Legion, to be held at their home on Birch street, tonight, at 8 o'clock.

As it will be a "rube" meeting, all members of the ex-service men's organization are expected to be dressed in character. Big straw hats and overalls are expected to be popular.

No chairs will be available and the meeting will be held with its members sitting cross-legged on the floor. The program committee has arranged entertainment in keeping with the rustic meeting. George Richardson, George Platt and Walter Gerkin will have charge of the meeting.

Advance "dope" on the official American Legion picture, "The Lost Battalion," to be shown at the Temple theater for four nights beginning Saturday, indicates that the largest crowds that ever attended a picture in Santa Ana will turn out for this film, according to Commander Wilbur Getty.

Plans for a masked ball and party, to be given at the American Legion home on the night of April 30, at which time the members of the auxiliary will be honor guests, have been completed, and "the biggest party of the year" is in prospect, according to Commander Wilbur Getty. The auxiliary is taking much interest in the coming event.

Frank West is chairman of the activities sponsored by the Santa Ana post for Americanization day, which will be observed by all posts in the state, on April 28. "We want to have a demonstration here to offset any radical propaganda that may take place on May 1, throughout the country," said West today. Sunday, May 3, is to be known as "Americanization Sunday," and local ministers have agreed to preach Americanization from their pulpits, on that day, at the request of the local post.

More than 400 ex-service men living in Orange county, whether members of the American Legion or not, are expected to attend the all-day barbecue and picnic to be held at Orange county park, on May 3. The picnic is to be under the auspices of the county council of the Legion. Barbecue, cooked by "Duffy," together with athletic events of all kinds, music and entertainment for all, is promised.

DOCTORED ALL WINTER, FINDS RELIEF

"I doctored all winter and it didn't help a bit, but FOLEY'S HONEY & TAR COMPOUND was just the thing for my cough and cold," writes Mr. Henry Daniel, Berrysburg, Penn. FOLEY'S HONEY & TAR COMPOUND is one of the largest selling cough medicines in the world. Contains no opiates—ingredients are printed on each carton. Good for old and young. Refuse substitutes. Insist upon FOLEY'S. Sold everywhere.—Adv.

LOAN EXPERT SAYS FLORIDA UNDEVELOPED

California has nothing to fear from Florida, according to word brought back to Santa Ana by F. E. Moore, Southern California loan representative of the Missouri State Life Insurance company, of St. Louis, who has just returned from a trip through the south.

Florida is undeveloped for the most part and the boom which is reported there exists only in only a few cities, Moore declares. As for fruit, the orange does not compare in size or taste with the California orange, he says.

"The state of Florida is one great mass of sand," declared the insurance man today. "There are no large trees there, no mountains and the soil is greatly inferior to that of California."

"There is probably a boom on in Florida, but it is confined almost entirely to a few cities. The country generally is undeveloped and you travel for miles and miles and do not see a house or a human being."

The subdivisions there are patterned largely after those in this state and even the houses are similar to those here, Moore says. It was noticeable that few of the subdivisions of Florida are built up, a number of them having but one or two houses, he states.

The Florida season lasts but three months, and after that time most of the hotels and resorts close, the Santa Ana man found. He had planned to visit a famous hotel near Miami, but discovered the place locked and in charge of a caretaker.

"California is so far superior to Florida that there is no comparison," declared the insurance man.

Taylor's Distilled Water. Ice. Phone 916 for Yellow Wagon.

In 24 Hours Ends

NEURITIS

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to C. S. Kelley or some other good druggist and get a bottle of Allenhu Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, those persistent, nerve-racking pains that have caused you many sleepless nights. A few more doses and the pains have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing dope of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenhu Special Formula No. 2. Your pains will be gone before you know it. Mail orders accepted.—Adv.

**Is Housework
Keeping You
Tired and Weak?**

Thousands of tired, nervous, run-
down women who must daily perform
exhausting housework and care for
children, would be astonished to learn
that in most instances their fatigue,
headaches, nervousness and haggard ap-
pearance are now entirely unnecessary.

For physicians say that in an enor-
mous number of cases these symptoms are
due merely to the lack of sufficient iron
in the blood. And now that Science has
perfected a new combination of iron,
like the iron in the blood, it is, in many
cases, easily possible for people to in-
crease their strength, nerve force and
endurance in only two weeks time.

Any doctor will tell you that without
sufficient organic iron, your blood loses
its power to change food into firm
healthy flesh and tissue. So nothing you
eat does you the proper amount of good.
You become undernourished, weak, ner-
vous, and lacking in physical force and
endurance.

What you need, then, is organic iron—
Nuxated Iron—to enrich your blood and give
you strength. For Nuxated Iron is organic
iron, like the iron in your own blood. Try it
just two weeks and notice the astonishing
improvement. Money back if not delighted.
But be sure you get genuine Nuxated Iron
with the letters NI on every tablet. This is
the only kind sold under this absolute money
back guarantee. At all good druggists.

**How the Parisienne
Attains the Smart Silhouette**

One French woman lost 50 pounds
in two months. Explains the secret of
getting thin without drugs, diets, creams,
exercises or appliances.

A French woman now in America re-
ports that a new treatment for obesity
has been found by a well-known French
scientist; it is a simple, harmless
combination of ingredients put up in
a small tablet called "SAN-GRI-NA,"
which helps nature in throwing off
unnecessary fat-forming elements, thus
making it impossible for fat to form
and accumulate on the body. Already
surprising reports from all parts have
been received. Cases of reducing vary-
ing from 10 to 50 pounds, in a remarkably
short time, with complete restoration
of health and marvelous change in
general appearance. While "SAN-
GRI-NA" is mostly recommended for
reducing, it is also an invaluable help
to get rid of all-worn-out, tired feel-
ing—does away with puffing and
many cases entirely relieved high blood
pressure. GUARANTEED ABSO-
LUTELY HARMLESS.

Recommended by specialists, physi-
cians and nurses as a safe, positive
and simple way to take off from 5
to 6 pounds a week. Can be had from
leading drug or department stores.
On sale at White Cross, Kelley, Par-
sons', Mateer's or Haddon-Jean Drug
stores.

Very Choice Lot

The only choice, close-in resi-
dence lot in Santa Ana; eight
minutes' walk from the center
of town and high school. Al-
ready a \$20,000 home and one
\$12,000 home on tract. Large
walnut trees.

And Ointment
To Heal Sore Hands**

**Y. M. C. A. GYM
LEADERS WILL
GATHER HERE**

About 150 young men and older
boys from all parts of Southern
California will assemble on Satur-
day at the Santa Ana Y. M. C. A.
for their annual conference on
gymnasium leadership.

The program will open at 10
o'clock a. m. with a devotional
period led by the Rev. Moffett
Rhodes, followed by addresses of
welcome and organization of the
conference.

Various topics will be discussed,
involving the objectives in the
leaders' club work, the standards
and requirements, and methods in
the work of gymnasium leadership.

The subjects will be presented by
representatives of the various as-
sociations having delegates at
the meeting. R. E. Laveaga, phys-
ical director at San Bernardino,
will lead the discussions.

Luncheon will be served in the
"Y" dining room at 12:30, and
after this social interval, which
will provide music and entertain-
ment, the assemblage will adjourn
to the gymnasium for the after-
noon's program.

Beginning at 1:45, there will be
the "stunts" offered by the var-
ious clubs in attendance. Each
club will have an opportunity to
present one stunt on the program.

At 3:30 the formal gymnastic
contest and exhibition will be
staged, lasting until 5 o'clock.

The exhibition will be open to
the general public, with no charge
for admission. The gallery of the
gymnasium will be open all after-
noon to visitors, and an entertain-
ing series of events is promised.

The conference will close with
dinner at 6 o'clock, followed by a
program, and ending with an ad-
dress by John Ridd, secretary of
the Anaheim Y. M. C. A.

**Set Conference
On Social Work**

Cost of education, effect of in-
creased population, mental hygiene,
juvenile delinquency, the Mexican
immigration problem, the foreign
child, racial and citizenship prob-
lems, are some of the subjects to
be discussed by noted speakers at
the annual meeting of the Califor-
nia Conference of Social Work, to
be held at Sacramento, May 25 to
28, inclusive, according to advices
received today by R. P. Mitchell,
county superintendent of schools.

Invitations to attend the confer-
ence have been extended to all coun-
ty and city superintendents of
schools, it was stated at the super-
intendent's office.

Voicing his approval of the work
undertaken by the conference, Mr.
Mitchell said that, comparing the
school program of today with one
of five years ago, one is struck with
the amount of social work consid-
ered essential to the education of
the child. Because of this fact, he
added, teachers and social workers
are probably more closely allied in
their tasks than ever before, and
it will be of incalculable benefit
to both if they every so often confer
on subjects of common interest.

**ARGUE CHAPMAN
DRY RAID SUIT**

(Continued from Page 1.)

payment was stopped, Chapman
having secured a temporary re-
straining order, pending today's
hearing.

The decision on the application
for the permanent injunction was
expected to guide the city trustees
of Anaheim, Orange, Huntington
Beach and Santa Ana in their de-
cision on similar bills presented
for dry raids expenses alleged to
have been incurred in those cities,
respectively.

E. J. Marks, of the law firm of
Marks, Launer and Collins, of Full-
erton, argued on behalf of Chap-
man. His main contentions were:
That there never was a valid con-
tract between the city of Fullerton
and E. S. Ward for the work al-
leged to have been done or the
expenses alleged to have been in-
curred, as represented in the claim
of Ward.

That Ward did not accompany
his claim with an itemized ac-
count, in which the dates of the
labor done, the character of the
work, the nature of the supplies,
the quantity of supplies and the
price paid therefor, were included.

Marks cited the Fullerton city
law to the effect that every claim
against the city, before it can be
allowed, must be accompanied by
such a statement.

Launer further contended that
the bill included expenses incurred
in other cities and that the figure,
\$2800, was arbitrarily arrived at
after the expenses of the raids in
all the cities had been totaled
and the total divided into equal
parts, a bill for which was presented
to each of the five cities said
to have been concerned.

Odell argued that Chapman, as
a taxpayer, had no right to go
behind the action of the Fullerton
city trustees in allowing the bill
and that once the claim had been
presented to the council, examined
and ordered paid that the city
treasurer of Fullerton had no right
to refuse payment of the voucher.

The attorney for Ward insisted
that it was not necessary that the
account be accompanied by a
specific statement of expenses and
he also held that, inasmuch as the
board of trustees had allowed the
claim against the city that no law
payers had a right to attack its
validity after it had been exam-
ined and approved.

Interested spectators were C. C.
Chapman, father of the plaintiff,
leader in Southern California re-
ligious work, Dr. S. T. Montgomery,
superintendent of the Southern
California Anti-Saloon League,
William Starbuck, dry advocate and
alleged klan chief of Fullerton, the
Fullerton board of trustees, and E.
S. Ward, chief of the Southern
California Intelligence bureau.

**Noon Gymnasium
Class to Be Held
For Business Men**

"Twenty minutes of recreation
for busy men," is the way that the
Y. M. C. A. department of physical
education terms the class to be
started Monday noon.

Many men are unable to take
time for the late afternoon or
evening classes in the gymnasium,
and in order to serve them, the
new class has been planned. Phys-
ical Director Russick will have
charge.

He plans to give 20 minutes of
snappy exercise, beginning promp-
tly at 12:15, and continuing for just
20 minutes. After that, the men
can either stay and play games for
a while, or they can take a show-
er and a swim, and be out on the
street again by 2 o'clock.

The class will meet on Monday
and Friday noons. Any man who
is a member of the Y. M. C. A.
may attend. New members may
enter at any time.

Farm Bureau

Government water experts and
the water conservation committee
of the Orange County Farm Bu-
reau met at the bureau office this
afternoon to study available data
on water in Orange county and to
plan for the securing of addition-
al information on this subject. The
relation of steam flow with the
underground supply was taken up
at some length.

Need for a number of govern-
ment observation wells in Orange
county was stressed by the com-
mittee members at the meeting.

The government men present
were F. C. Ebert, connected with
the geological survey; H. F. Blan-
ey, division of irrigation invest-
igation and J. B. Brown, irrigation
specialist with the college of agri-
culture, Davis.

Picnic Group to Meet

The committee named by Presi-
dent S. W. Stanley, of the farm bu-
reau, to make arrangements for
the annual farm bureau picnic at
the county park, May 23, will hold
a meeting in the hall of records
building Monday afternoon to out-
line the program for the big event.

More than 4000 farmers of the
county and their families are ex-
pected to attend the picnic. In-
cluded on the program will be ath-
letic games, talks and musical
numbers.

Members of the picnic commit-
tee are J. A. Smiley, West Orange,
chairman; S. H. McCracken, Yor-
ba Linda; H. E. Wahlberg, farm
advisor and John Ragan, Villa
Park.

Tool Committee Meets

The special walnut tool commit-
tee, named to investigate various
types of saws and tree bracing ap-
paratus, met at the Lambert and
Wells grove in Santa Ana yester-
day afternoon to try out a number
of saws which were manufactured
especially for the committee.

Those present at the demonstra-
tion were S. W. Stanley, chairman;
E. G. Hotchkiss, Covina; J. A. Mc-
Fadden, Santa Ana; J. A. Smiley,
West Orange; H. E. Wahlberg,
farm advisor.

Discuss Hog Feeding

Discussion of feeding methods
featured the meeting here yester-
day of swine owners of Orange
county. The principal speaker was
Dr. Robert Jay, hog expert with
the U. S. department of agricul-
ture. Where the feed is changed
from grain or pasture to garbage,
the change should be gradual if
disastrous results would be avoid-
ed, Dr. Jay stated. W. M. Cory,
assistant farm advisor, presided at
the gathering.

Grist New Dairy Head

Steve Grist is the new chair-
man of the dairy department of
the Orange County Farm bureau,
being elected to the office at a
meeting held at the bureau office
yesterday afternoon. He succeeds
F. H. Finney.

**Dancing Pupils
To Give Recital**

Pupils of the Maude Putman
Ballet Dancing school will give
their fifth annual dance recital at
the Temple theater, on Friday
night, April 24.

Mrs. Putman will be assisted
by her daughter, Miss Eleanor
Putman, who will give two spe-
cial dances. Mrs. Putman has
many talented pupils, and they
have spared no expense to make
this one of the loveliest affairs of
the season.

An exceptional artistic treat
will be the beautiful group dance,
"Sunshine and Showers."

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a
little "Freezone" on an aching
corn, instantly that corn stops
hurting, then shortly you lift it
right off with fingers.

Your druggist sells a tiny bot-
tle of "Freezone" for a few cents,
sufficient to remove every hard
corn, soft corn, or corn between
the toes, and the foot calms,
without soreness or irritation. Adv.

FREEZONE

**FILM MANAGER
STARTS 5-DAY
TERM IN JAIL**

Earl Montgomery, manager, di-
rector and actor, with the Larry
Semon comedies, whose mail is
generally addressed to Hollywood,
will for the next five days receive
all parcels and personal mail at
the Orange county jail.

Montgomery arrived at the jail
late yesterday to spend five days,
after having been convicted on a
speeding charge in Justice Ken-
neth Morrison's court, several
weeks ago. Officer F. G. Yoder, of
the state police, testified that he
was speeding 54 miles an hour
over the San Diego highway, near
Irvine.

Montgomery's advent into jail
was far different from that of the
vast number of prisoners. He look-
ed comparatively cheerful and was
accompanied by four men from
the studio, all of whom bore in
their arms radio sets, loud speak-
ers and enough wire to put a loud
speaker in all the cells.

Card from L. A. Sheriff
He carried a card from Bill Tra-
ger, sheriff of Los Angeles county,
addressed to Sheriff Sam Jerni-
gan, which informed Jernigan that
Montgomery was adept in the use
of the broom and mop, in case the
jail needed tidying up within the
next five days.

Montgomery was not due at the
jail until 7 p. m. yesterday, so he
spent the latter part of the after-
noon, directing installation of the
radio. Jailers refused to allow an
aerial to be rigged on the jail roof,
so Montgomery connected his wires
with the First Presbyterian church,
next door. The loud speakers he
placed in the jail lobby.

Bedtime for "Monty" came at 7
o'clock last night, and he was lock-
ed in a cell, while the jailers and
a few officers enjoyed the evening's
radio programs.

Sad Days for Prisoner

Montgomery's arrest and convic-
tion are sad affairs to him. He gave
his version yesterday for the first
time. Larry Semon had been mar-
ried only a few months, he said.
His bride was at Balboa taking pic-
tures. He was at Hollywood. One
night, she called her comedian
husband by telephone and told him
that she would be obliged to spend
the night in Balboa, and asked him
to drive to Balboa. Larry agreed,
and asked Montgomery to drive
him down. After leaving Santa Ana,
the two men got on the wrong
road and headed for Laguna in-
stead of Balboa. Finding out their
mistake, they had just turned
around and were speeding toward
Balboa when the police sirens
blew. Court records carry the rest
of the story.

**"DIAMOND DYE" IT
A BEAUTIFUL COLOR**

Perfect home
dyeing and
tinting is guar-
anteed with
Diamond
Dyes. Just dip
in cold water
to tint soft,
delicate
hues, or boil
to dye rich,
permanent col-
ors. Each 15-
cent package
contains di-
rections so simple any woman can
dye or tint lingerie, silks, rib-
bons, skirts, waists, dresses, coats,
stockings, sweaters, draperies,
coverings, hangings, everything
new.

Buy "Diamond Dyes"—no other
kind—and tell your druggist
whether the material you wish to
color is wool or silk, or whether
it is linen, cotton or mixed goods.

The Big White Store

Marking another step
in the commercial
progress of a Greater
Santa Ana, it is our
pleasure to announce
the opening of one of
the finest feed and
seed stores in Califor-
nia.

Located in the New-
com Building at the

Northwest Corner of Broadway and Fifth

(two of the main ar-
terial entrances to the
city), representing a
valuation of approxi-
mately one hundred
thousand dollars—we
offer this store as con-
crete evidence of our
confidence in the
future growth and
stability of Santa Ana.

In the eight short
years of our business
life in Santa Ana, we
have greatly enjoyed
our contact with her
energetic, thrifty peo-
ple. It is our greatest
ambition to be identi-
fied as of them, for
them, and by them.

With this ever in mind
we have endeavored
to build up a business
with a reputation for
unquestioned integri-
ty, business sagacity,
and financial strength.

COMMUNITY PLAYERS SCORE BIG HIT IN 'THE BAD MAN,' COLORFUL COMEDY-DRAMA

BY ELEANOR YOUNG ELLIOTT

Poi Dios señores, you want I should make you ver' happy? Then I feel him. I tell you what you do. You hurry up, ver' dam' fast an' buy those tickets for El Hombre Malo. Sabe? He is to have his so peaceful quiet day again at la hacienda de la Señora Jones tonight when those certain is rise at Elbell auditorium at 8:15 o'clock just when those mortgage is to be foreclosed. He is plan for come del Mejico to see his good friend el señor Jones. I an' feel theings so he be happy with hees woman—maybe. Quien sabe?

Now that is the effect that the Community Players' current production of "The Bad Man," Porter Emerson Browne's comedy drama, has had on a hardened first-nighter—caused a regrettable lapse into the idiom of the Mexican borderland. But it is true—if you want a happy two hours and a half, make it a point to see the play—you still have three opportunities, tonight, tomorrow and Saturday nights. That is, if the few remaining tickets are sold up at the Santa Ana Book store while you loiter here listening to an account of the play and its smashing success.

An unusual amount of interest was aroused a few weeks ago by the announcement that the Players were willing to pay the large royalties demanded for "The Bad Man" in order to present so popular a play to their public. Last night's performance fully justified their choice for it was one of the most interesting things they have ever done.

Quite as well justified as the choice of a play, was the choice of R. R. Miller to play the title role. What a delightfully lovable villain he made, to be sure—and what a figure of romance! The homely philosophy, the human frailties, the swashbuckling depredations and the loyalty to friendship which the author gathered together and gave

to his chief character, were delightfully interpreted by Miller who was found in the role, quite the finest vehicle for his talents, that he has known in the entire history of Santa Ana Community Plays.

While his of course was the strongest part in the play, Miller was aided by a remarkable cast each member of which breathed the spirit of reality into his lines and made them live. Second to the Bad Man in point of strength was the role of "Morgan Pell" entrusted to a newcomer to the Players' ranks, James E. Duggan, who recently scored a success in the American Legion play, "Within the Law."

Duggan's acting carried a finely convincing spirit. In watching him, one felt certain of the existence of "Morgan Pell," a heartless, cowardly millionaire of the east. And what a thoroughly nice voice he has! Every gradation of feeling seemed so perfectly expressed. It is safe to assume that he will have ample opportunity to play heavy roles in future productions.

Play With Understanding.

While feminine roles in the play are subordinate to the masculine yet the work of both Gladys Simpson Shafer and Juanita Wright Fletcher was artistic and satisfying. Mrs. Shafer played the lead of "Lucia Pell" whose husband was too yellow to fight for her. As Santa Ana audiences have learned to expect, she brought a fine understanding to the part, coupled with her undoubted ability as an actress, whether she be cast as an airy bit of illogical femininity or be given a more emotional part such as "Lucia."

As "Angela Hardy" Mrs. Fletcher was a very clever ingenue whose impressionable flapper soul was stirred by the romance of the west and especially of "Pancho Lopez," the Bad Man. However, as Pancho proved, she really loved but one, her devotion was as interestingly shown as had been her hasty tempers and impressionable nature.

Double thespian honors go to the Fletcher family, for as juvenile lead, Warren Fletcher, (in real life, the husband of fiery little Angela) had one of the parts as suited to his talents and appearance. He is going to have to look to his leading man laurels however, if Eugene Douglas continues to do as excellent work as his cowboy lover in the play. Douglas is another Legion member who has come to the Players via the "Within the Law" route and was humorous, self-pos-

essed and convincing as "Red Giddings."

Harry Brackett and his wheel chair which had been roped, thrown, branded and gentled, as would only be possible at a western rodeo, offered some of the best comedy of his career. And to those who remember his extremely varied comedy characterizations, that is saying a great deal indeed. Such parts in "Oh, Oh Cindy!" "Three Wise Fools," and many others not forgetting "The First Year," have endeared him more and more to audiences. One would think the boundaries of a wheel chair would limit acting ability, but not Harry Brackett's.

A character part of much interest was that of Angela's father, "Jasper Hardy," played by another favorite, Ted P. Grigg, who always seems to fit so perfectly, every part assigned that one almost loses sight of the fact that an unusual talent and ability make him really "become" the character for the time being. He was surely a tobacco-chewing old tight-wad to the life, only we wanted to see if he could spit tobacco juice through a knothole ten feet away—and he didn't try it!—However there is still tonight—and tomorrow night—and maybe Saturday.

Excellent Direction.

Of the so-called minor roles, one or two of which were little more than walking parts, all were necessary to the action. Acknowledgment or any poor playing could so easily have marred the performance. But thanks to an excellent director in the person of George Gerwing, and a careful choice of characters, there was absolutely nothing to mar.

Miss Dolly Dennis gave an excellent bit as "Alverda," the cook who loved her tegula not wisely, but too well. The aides of Pancho Mexican "soldados" were very well done by C. M. Featherly as "Pedro" and H. L. Eldred as "Venustiano." Harold Fish appeared in the final act as "Bradley," a Texas ranger whose assistants were played by Adams Hanson and Clifford Mars-ton, two invaluable Players who "double" as members of the stage crew.

But not all the success was due to the actors. They had to be provided with a stage setting. And this was done admirably by Mrs. Marshall Harnois and her scenery committee. The adobe walls of the ranch house were splendidly executed and the desert view from the doorway was truly beautiful. One could share Lucia's joy in the gem like colors. Miss Hazel Benus as technical director is to be as much congratulated upon results of her efforts as is George Gerwing, producing director, who certainly justified the faith in his ability as expressed both by Ernest Crozier Phillips under whom he received much of his training, and by the Players as a whole.

Music Aids "Atmosphere."

The delightful atmosphere of the play was established and maintained by the incidental music furnished by the Mexican Night School orchestra, directed by J. Ramirez, and Edward Delgado, vocal pupil of Madame Manuela Budrow. The beautiful baritone voice of the soloist was heard in four numbers (Miss Ruth Frothingham at the piano) "Lolita," "La Colondrina," "O Sole Mio" and "Spanish Serenade" composed by Madame Budrow.

Selections played by the orchestra included "La Estudiantina Waltz," Waldteufel; "La Media Noche," J. Aviles; "El Costeno," S. Rodriguez; "Sangre Mexicana," Paso Doble; "Carlota Waltz," Francisco Moura.

The orchestra personnel is as follows: J. Ramirez, director; J. Arena, F. Chavez, V. Ayala, Gomez, E. Rodriguez, G. Cardona, J. Gonzalez and Miss Ruth Frothingham, accompanist.

The same musical program will be repeated nightly and Mrs. Ruth Madlener and Robert Bradford will sing Saturday night.

Last night's performance was greeted by a full house and indications are that the succeeding performances will be equally well attended. Very few seats were left for either tonight or tomorrow, though a few goods seats were still available for Saturday night.

Grandma Admits Beating Child, Dead of Hurts

TILLAMOOK, Ore., April 23.—"I don't know how hard or how often I struck her," was the dazed statement made by Mrs. M. C. Patton, Meda district homesteader. That was her answer to charges by authorities that she beat her 4-year-old granddaughter, Sylvia Louise Descamps, until the latter died from the effects.

The coroner declared the little girl had been beaten with a strap about 2 feet long and about the weight of an ordinary razor strop. He said her body was covered with bruises and welts.

Mrs. Patton told District Attorney Barrick she corrected the child for some minor disobedience and the little tot attempted to strike her in return. Then she gave the child a whipping. She said she did not intend to hurt the baby.

RUPTURE EXPERT HERE

F. H. Seelye, of Chicago and Philadelphia, the noted truss expert, will personally be at the Rossmore Hotel, and will remain in Santa Ana Friday only, April 24. Mr. Seelye says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seelye has documents from the United States government, Washington, D. C., for inspection. He will be glad to demonstrate without charge on fit them if desired. Business demands prevent stopping at any other place in this section.—Adv.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seelye, Home Office 117 N. Dearborn St., Chicago.

S. A. CHAMBER SECURES DATA ON INDUSTRIES LOCATED HERE

124 Concerns Employ 628
Women and 1341 Men,
Survey Reveals

WEEKLY PAYROLL
TOTALS \$52,000

Annual Output of Plants In
Santa Ana Valued at
\$13,106,000

Santa Ana has 124 manufacturing industries with a weekly payroll of \$52,000, according to a survey which has just been completed by Harry Samuel, industrial secretary of the chamber of commerce.

These firms employ 1969 persons, including 628 women and 1341 men. The annual output totals \$13,106,000 in value. Total capital invested approximates \$6,000,000.

Auto Firms Head List
Only those firms which make a complete article, that is, from the raw material to the finished product, were included in the survey. The public utilities and the railroads are not included. Manufacturers of automobile parts or accessories head the list with 13 firms engaged in this line of work.

The information secured by Samuel will be placed in a booklet which the chamber plans to issue within the next few weeks. Five thousand copies of the pamphlet will be printed for distribution with other chamber literature telling of the advantages of Santa Ana.

S. A. Logical Center
"We believe that the information secured in the survey will be the means of convincing manufacturers in the east and in other places that Santa Ana is a logical manufacturing center," said Samuel today. "The fact that the industrial concerns here like the community and are prosperous is conclusive proof that this section is a desirable section in which to conduct a manufacturing enterprise."

"The booklet which we propose to publish will not be anything ornamental, but will simply state the facts. Whenever the chamber sends out literature telling of Santa Ana's advantages, we will enclose a copy of the pamphlet. Conditions here are ideal for industries. The fact that Santa Ana is primarily a home city is something which manufacturers appreciate."

DANCING

Bill Sponsored By Realtors Is Before Governor

The legislature has passed assembly bill No. 899, introduced by Assemblymen Howard W. Davis, F. E. Dayton, A. E. Brock, Fred B. Noyes, J. P. Burns and Harry Morrison, and which provides for publications twice a year of "bulletins" containing statistical or descriptive matter concerning real estate conditions and the agricultural and other attractions of the various districts of the state.

The bill gives this authority to the state real estate department and provides for a maximum expenditure of \$20,000 out of the real estate department funds, in any one year.

The measure was sponsored by local boards and the California Real Estate association and had virtually unanimous support in both houses. The measure is now before the governor.

250,000 FEET OF LUMBER TO COME BY SHIP

Announcing another shipment of 250,000 board feet of lumber to be made through Newport bay, Richard A. Emison, general manager of the Santa Ana Lumber company, writes to the Orange County Harbor Chamber of Commerce offering to help in any way in advancing the Orange county harbor program. The welfare and benefit of Orange county will be served by the opening up of this harbor, says Emison.

It is going to require work to accomplish results but it's time to begin, before it is too late, says Emison. In his letter to the harbor chamber, which is also signed by Stanley Clem, vice president, Emison says:

"I am writing this letter in order to convey to you our attitude toward harbor development."

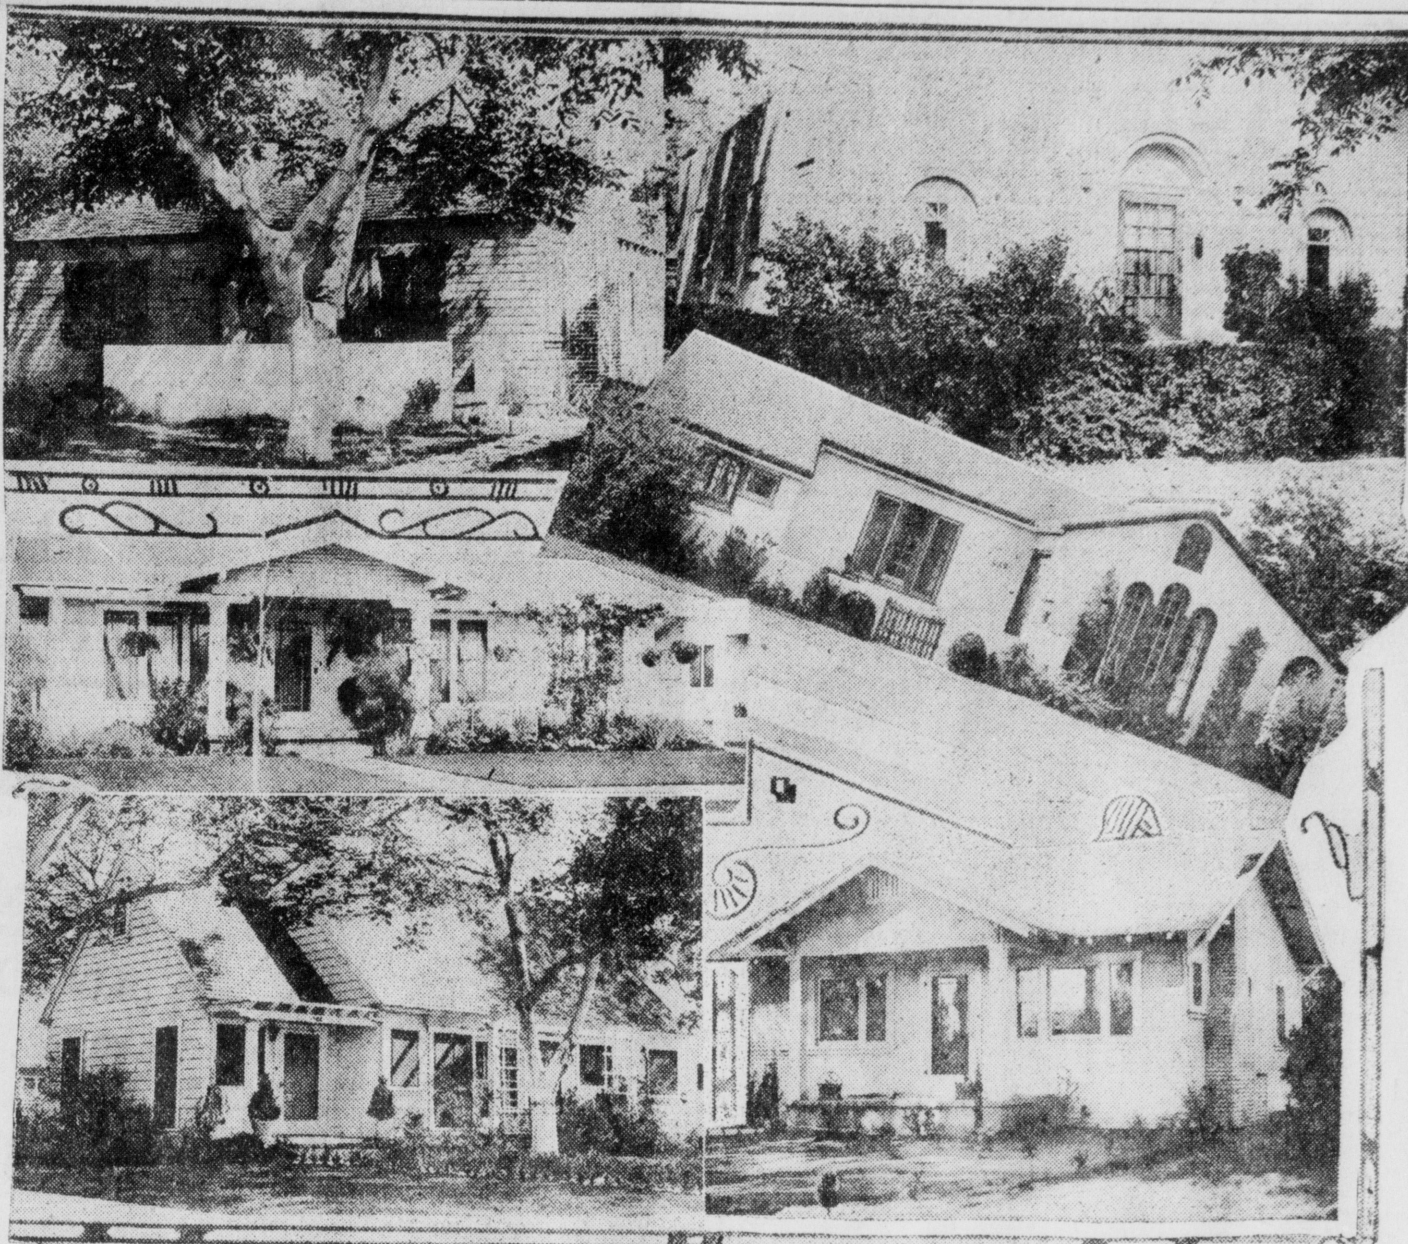

"The Santa Ana Lumber company strives to do everything within its power to help on those projects which will benefit our community. We believe that a harbor will be of great benefit to the entire county and we want to be on record as endorsing it."

"Propositions of this kind take lots of work and pioneering, they do not come over night. There will have to be many different stages of development. Your committee will have the determination of the first moves to be made, the amount of work to be undertaken at first, and the fixing of the amount of the bond issue."

"In the meantime, this company believes that it can best help along by moving lumber through Newport harbor and we assure you that we will work toward this end. We gave an order yesterday for the handling of 250,000 feet through Newport harbor and will be glad to co-operate in this way."

"We will be glad at any time to help with this work and we trust that you will call on us when we may be of assistance."

SIX REASONS WHY SANTA ANA IS KNOWN AS HOME CITY

The survey which the Santa Ana Board of Realtors plans to make in connection with the "own your home" campaign here will develop the fact that this city has an unusually large number of home owners, realtors say. The street locations and names of owners of the homes shown above are as follows: Top, left to right, 325 West Sixth street, Tustin, Thomas Roland; 1528 Durant street, Mrs. R. N. Wimbush; center, 1212 Maple street, L. B. Hill, first house built by Santa Ana Improvement company; 520 West Nineteenth street, Elwood H. Bear; lower, 1503 East Fourth street, Carl Mock; 502 C street, Tustin, Charles F. Crawford. Photos by Register staff photographer.

NEW BOOKLET ON COUNTY IS ISSUED

A new Orange county booklet was being distributed this week by Fred Ahlborn, manager of the Orange county industrial and publicity department.

With a beautiful cover depicting agricultural growths of the county and containing pictures of many prominent buildings in the county and brief descriptions of various communities, the booklet is replete with information on Orange county.

Its distribution is expected to be effective in interesting easterners in Orange county. According to Ahlborn, 15,000 copies were printed and a second issue of the same number will be put out in a short time. He said that he could easily use this number himself in sending them to persons inquiring about Orange county.

The All-Year club's advertising carries a list of communities in Southern California, and Ahlborn says that the club is receiving an average of 50 responses a day by persons who indicate their preference for information on Orange county. The booklet is sent by Ahlborn only to those who ask about the county.

ADVANTAGES ACCRUING TO HOME OWNERS ARE LISTED BY LOCAL CAMPAIGN HEAD

BY ASA HOFFMAN
Chairman "Own Your Home" Committee

What is this "own your home" campaign? It is a campaign to encourage the renter to become a home owner. Owning a home makes a man a better citizen and a high type of citizenship makes for a better city.

A home is the best savings account that a family can have. You not only have the satisfaction of being a home owner and a "somebody" in your community, but your investment, according to past history in this beautiful Southland, increases in value very rapidly. I have known many beautiful bungalows that were bought for a home at about \$3000 to \$5000 a few years ago, that today have three to five story buildings on and are paying their owners hundreds of dollars monthly in rentals.

In a community that is growing as rapidly as Santa Ana, you cannot afford not to be a home owner, if for no other reason than an investment. This campaign is sponsored by the California Real Estate association through the local boards in April and October of each year to stimulate in the hearts of the people the advantages and value of home ownership.

Not only is home ownership conducive to happiness and satisfaction, but there is nothing that will create in a family such a feeling of pride as to be able to say to a friend: "This is our home."

(Continued on Page 10)

'OWN YOUR HOME' CAMPAIGN SUCCESS

The "own your home" campaign, which the Santa Ana Board of Realtors is sponsoring in this city during April, is a decided success, James Livesey sr., president of the board, declared today. Interest in the project is general throughout the city, he says.

From present indications, approximately 500 manuscripts will be received in the essay contest which the board is conducting among students in the high school and the two junior highs.

The contest closes Saturday noon. Eight prizes will be awarded, as follows: First prize \$15; second, \$10; third, \$5; fourth, fifth, sixth, seventh and eighth, \$1 each. The essay winning the first prize will be published in full in The Register on April 30.

Starting next week, speakers will appear in the local theaters and at the luncheon club meetings and tell the purposes of the campaign. A number of local pastors will preach sermons on the subject of home at their services this Sunday.

Hold Realtors' Annual Picnic At Pomona Soon

The third annual Southern California realtors' picnic will be held at Ganesha park, Pomona, Saturday, May 16. The morning will be given over to an educational conference and the afternoon to field events and dancing.

Clyde A. Gates, president of the picnic association, and Frank C. Eells, president of the Pomona Valley Realty board, are arranging for the big gathering.

A number of Santa Ana realtors are planning to attend the picnic. James E. Livesey sr., president of the local board, stated today. It is possible that the members and their families will arrange a caravan to Pomona.

GOVERNOR AND KEISER CONFER ON REALTY JOB

Edwin T. Keiser, Pomona, who recently resigned as state real estate commissioner, has gone to Sacramento to confer with Governor Richardson regarding the selection of his successor. Keiser steps out May 1, when he goes to Chicago to become vice president of the Sutter Basin Land company.

The candidacy of Everett A. White, Santa Ana, immediate past president of the California Real Estate association, has been endorsed by three additional boards, Graham, Placencia and Visalia, it was learned today from W. B. Martin, secretary of the local realty board. White has already been endorsed by the Santa Ana, Fullerton, Anaheim, Orange and Laguna Beach boards. Governor Richardson is expected to announce his selection within the next few days.

Eighty per cent of the applicants for the position are real estate men, it is reported. White proved one of the most popular executives the association has ever had and his appointment would meet with the approval of realtors all over the state, it was declared here today.

ORDER 200,000 ORCHARD HEATERS

What is said to be the largest order ever placed for orchard heaters is the one just signed between the Fruit Growers Supply company and the American Can company for 200,000 orchard heaters for the coming season's use. This contract was entered into only after the 1925 growers' committee had thoroughly investigated all types of orchard heaters and decided to recommend three types—the Cone Louvre stack, the short stack of the so-called smokeless type, and a new Scheu gas-generating, gas-burning heater, which is declared to be practically smokeless. This new Scheu heater, which is now being demonstrated by representatives of the American Can company, shows a complete departure from previous heaters in that it generates gas and burns a clear gas flame, giving a remarkable heat.

The tremendous demand for orchard heating equipment this year was the prime motive actuating the Fruit Growers Supply company in placing such a large order, as it has been reliably reported that the demand for orchard heaters this year will many times exceed that of seasons past. The excellent results obtained by growers who had their groves equipped with orchard heaters last winter has proven conclusively the value and reliability of the oil burning type of orchard heater, it is said.

The business acumen and foresight of the management of the Fruit Growers Supply company in making this contract is evidenced by the fact that they were able to obtain a special price for the growers, which is operative up until May 15.

Finishing touches are being placed on the handsome home of C. J. Bond, formerly of Albuquerque, N. M., at 507 East Myrtle street, by the contractor, Justus Birtheier.

The residence is an 8-room affair, of stucco construction. It is of English design and has hardwood floors throughout.

A house for domestic help has been built at the rear of the house. The total cost will approximate \$12,000.

Bond plans to enter business here upon his return with Mrs. Bond from a trip through the east.

A new lighthouse off the coast of Australia will have such powerful lights that the rays will be visible for nearly 100 miles.

"Watch" for house auction Wednesday, April 29th, at 2 p. m., 2215 Bush St. A dandy home at your own price at auction. Crasher Realty Co., Agents, 310 N. Main St. Jack Martin, Irish auctioneer, sells it. Phone 365 Anaheim.

Radio expert at Hawley's.

SYNDICATE IS FAVORABLE TO CONSTRUCTION OF BIG BLOCK

Three Story Building Is Possibility For Fifth and Broadway Corner

DOWNTOWN SITE
BRINGS \$100,000

Several Propositions For Valuable Lot Reported Under Consideration

By HORACE FINE

Construction of a two or three-story business building on the southwest corner of Broadway and Fifth street became a possibility with transfer of ownership from a number of stockholders in the old Santa Ana Steam Laundry company to a group of Santa Ana men. The transfer was announced in The Register yesterday.

While plans have not been definitely developed for a building, the group of owners has announced that it is in position to erect a building whenever tenants are available.

It is known that the new owners are men of substantial means and competent financially to undertake the construction of a type of business building warranted by the prominent location of the corner.

Will Consider Offers
Ed Farnsworth, vice president of the First National bank, who is to manage the property, said today that the syndicate was now open to any building proposition that had merit.

It will build whenever we can develop a tenant or tenants who are responsible and financially able to carry out a lease contract that would be required for a building enterprise of the magnitude we would demand for improvement of the corner," the manager said.

It was intimated that the syndicate already has under consideration a possible tenant for a 2-story structure that would cover all the lot, which has a frontage of 150 feet on Broadway and 175 on West Fifth street.

Say Site Ideal

It was pointed out today that the corner is an ideal site for a large department store, but so far as could be learned the building project under consideration is not for a department store enterprise.

When the Santa Ana Steam Laundry company sold its business to the Southern Realty corporation, now operating the Santa Ana laundry, the stockholders reorganized under the name of the Broadway Improvement company. The stockholders at that time numbering approximately 90 persons. Some stockholders have sold their holdings to other members of the company, until the number of owners was reduced to 25 or 30, and it was the latter group that sold stock holdings to the syndicate.

According to reports, it was impossible to get the large number of stockholders into an agreement to improve the property, with the result that the site has laid idle for some years.

With ownership consolidated in the smaller number of men, it has become possible for consideration to be given to a building project.

Do You Want to Build and Own Your Own Home?

If you do, we can help you in many ways

We can show you hundreds of house designs, help you pick out one suited to your needs and means, change it to fit your own ideas, get you the blue prints, and give you an estimate on its cost.

We will help you in financing your building. You know it's not necessary before building to have actual cash to pay for every item as you go along. Besides your building lot, all you need in cash is a part of the combined value of your lot and the finished house—the amount depending on the value of your lot and the type of house you want to build.

Instead of paying rent for years to come, with nothing to show for it but rent receipts, why not put your money into a home which in a comparatively short time will be your own?

Our Mr. Renders will be glad to tell you how you can finance your building plans. Stop at our office and ask for him.

Last, but most important of all, if you want a home that you can be proud of, you must use dependable building materials.

We make this possible. Instead of a mere lumber yard, we can now call ourselves "a department store for building materials." We can supply almost everything needed in the construction of a home—even to the nails, sash-weights, doors, windows, materials for the walls, paints, varnishes, stains, and enamels—all of the finest quality obtainable.

If you really want to own your own home, come in and talk over your ideas with us.

WE CAN HELP YOU

Pioneer Shingles make safe roofs

A safe roof must be more than fire resistant. It must also withstand the beating sun, extreme cold and heavy rains and winds.

Flawless fire resistance is only a part of the function of Pioneer Yosemite Asphalt Shingles. Crushed stone, laid on asphalt, makes them 100% efficient. They prevent leakage that spoils plaster—eliminate seepage, that slowly warps and rots the very framework of the structure, and protect mansion and cottage alike. There is a specified type for every kind of roof and for re-roofing they go right over the old roof. Lumber, hardware and building material dealers sell them in red, green, blue black and golden brown.

EXPECT BREA WILDCAT OIL WELL IN SOON

BREA, April 23.—The wildcat well being drilled by A. A. Stanton on the Alvarado ranch north of Brea canyon now holds the center of interest in this district and operators are eagerly watching developments in the phenomenal well which will soon be brought in, it is believed.

The well first attracted attention in November, 1924, at a depth of 3450 feet, hot water, under tremendous pressure, gushed forth, drenching the derrick in the boiling fluid and then settled down to a steady flow which has continued unabated ever since. The water, it is asserted, has medicinal qualities. It was shut off by the packer method instead of being cemented and Stanton states that, when the well is finished, both oil and hot water will be produced by it. The hot water will undoubtedly be used for health resort purposes, he says.

What is attracting the attention of oil men just now, however, is the announcement that oil has been found in paying quantities and of a very high quality. The drill had reached a depth of approximately 4100 feet when drilling operations were stopped and preparations begun for bringing in the new producer. Work on a pipe line to carry the oil to the tanks is being rushed and the latter part of next week ought to see the completion of the "mystery" well.

Development work on the new well has been going on for over two weeks and success has come at last in the face of very trying difficulties. Stanton is sole owner of the company drilling the well. South of the Alvarado lease, which consists of 1000 acres, the Shell company has large holdings upon which one well is now being put down.

SYNDICATE TO CONSIDER OFFERS

(Continued from Page Nine)

for the corner, it is said that stockholders sold their shares at \$100 each, which means that the consideration was in the neighborhood of \$100,000 or \$666 a foot for the frontage on Broadway.

The new owners are W. A. Huff, Ed Farnsworth, W. B. Williams, Cood Adams, Harry Spencer, Ray Lambert, A. W. Rutan, Arthur H. Lyon, George S. Smith, H. L. Wakeham and T. E. Stephenson.

ADVANTAGES OF HOMES LISTED

(Continued from Page Nine)

beds, and above all, the happy, contented, smiling faces of the people who live in their own homes.

There is no reason today why any man should not own his home, for there are many builders who will sell you a home on terms that are within the reach of everyone. Instead of paying the landlord your monthly check, pay it to yourself by making this payment on a home, and by this plan, your home is paid for in a few years.

We fix almost anything. Fix-it Shop, 105 E. Third. Phone 2520.

NOTICE

Second Installment County Taxes Delinquent on Monday, April 27, 1925

All payments must be accompanied by tax bill, deed or legal description of property. House numbers are not sufficient. Remittances must be mailed in time to reach this office before 6:00 o'clock, Monday, April 27.

J. C. LAMB,
COUNTY TAX COLLECTOR,
Hall of Records, Santa Ana.

N. Y. Body Starts Direct Tax Fight

The New York Association of Real Estate Boards is urging abolition of the direct tax on real estate, the proposal being in line with the program for general taxation adjustment recommended by the National Association of Real Estate Boards at its annual meeting in Dallas, Tex., in January. This meeting was attended by officers of the California Real Estate association and realtors from various parts of the state. Real estate has already been relieved of state taxation in Pennsylvania and North Carolina, and efforts of the New York association in this direction are being watched with keen interest.

BUILDING WORK HERE INCREASING

Building in Santa Ana this month is in excess of the April, 1924, figure, according to records compiled by Building Inspector W. S. Decker. For the entire month, last year, the total was \$113,605. For the month to date, this year, the figure is \$119,325.

Construction of homes continues unabated in Santa Ana and vicinity, the majority of the permits granted being for residences. The average price of the dwellings is \$4000.

Five thousand dollars will be expended by Harvey Traveller in the erection of a frame and stucco dwelling and a garage at 2418 Heliotrope drive. J. W. Hess is the contractor.

A 7-room dwelling and a garage will be erected at 805 Hickory street by R. O. Elliott of 1043 West Eighth street at a cost of \$4500. Construction will be by day work.

R. Z. Evans, 515 Linwood street, has secured permits for the erection of a residence and a garage at 418 Linwood street at an expenditure of \$4400. Erection will be by day work.

F. S. McClain of 401 West Third street will erect a dwelling and a garage at 950 West Myrtle street. The cost will be \$4500. Herzog, Honer & Farney have the contract.

C. V. Lee, Long Beach builder, will construct a house and garage at 810 Hickory street. The cost will be \$3000. Lee's home address is 614 Gulf avenue.

Roy Russell, realtor of Third and Sycamore streets, will build a residence and garage at 2205 Greenleaf avenue at an expenditure of \$4000. The owner will supervise the work.

A residence to cost \$2500 will be constructed by Fred Rosenbaum, 1211 South Sycamore street, at 1024 West Second street. The Southwest Building company has the contract.

T. W. Rogers, 1318 North Parton street, will build a residence and a garage at a cost of \$3500 at 321 Normandy place. The owner will supervise the work.

C. E. Durbaugh, 1247 West Fifth street, has secured permits for the erection of a 5-room dwelling and a garage at 1507 West Tenth street. The amount to be expended will total \$2500.

Helen L. Jackson, of Lloyd Park, has authorized John T. Capps to erect a house and a garage at 710 Beverly place. The cost will be \$2500.

Unauthorized Use Of Word 'Realtor' Banned In Decree

An injunction against the unauthorized use of the word "realtor" has just been issued by the circuit court of St. Louis. The decree was handed down in an action brought jointly by the St. Louis Real Estate exchange and the National Association of Real Estate Boards. It upholds the members of constituent boards of the national association in their right to employ the word as an exclusive membership designation.

The text of the decree covers not only the use of the word realtor but any word of like appearance.

It restrains the defendant, a real estate dealer of St. Louis, not holding membership in the board, his agents, servants and employees acting in aid or assisting him, from the further use and designation of realtor or word of like appearance in any manner whatsoever on the office door, office windows, bill boards, sign boards, stationery, calling cards or newspaper advertising or any other material, or in any other place or in any other way.

FILE APPLICANTS' NAMES WITH STATE

Local boards in the state are filing with the state real estate department the names of their official examining committees to conform with the department's proclamation requiring applicants for realty broker license to pass an examination on qualifications before the local board committee, or appear before the state real estate commissioner himself.

These examinations are now being conducted. The California Real Estate association has been advised by the realty boards of San Francisco, Stockton, Glendale, Oakland, Fresno, Pasadena, San Diego, Inglewood, Long Beach, Compton, Whittier, Santa Ana and Huntington Park that their examining committees are now functioning.

The commissioner may be guided by the decision of the local committee and so far it is said that their decisions have been accepted by him.

Realtors' Train Will Leave for Detroit June 17

Reservations are being received at the offices of the California Real Estate association for the train to the annual convention of the National Association of Real Estate Boards at Detroit, June 23 to 26.

The train will leave Los Angeles on the evening of June 17, and will leave San Francisco and Oakland on June 18, after a day in the bay region. The trip eastward will be via Denver, Salt Lake City, Omaha and Chicago. The return trip will be made via the Canadian northwest, the delegates arriving back in California about July 7.

More than 100 speakers, chosen because of their achievements in actual real estate practice or because of some unique contribution they have made to real estate thought, will lead discussions covering the whole field of present real estate development in the United States and Canada at the convention.

Home Ownership Is Approved By British Premier

Encouragement of the extension of private home ownership is a central feature of the housing policy of the present British government, according to an announcement of that policy made recently at Albert Hall by Stanley Baldwin, prime minister.

"We want the people to own their homes," the premier said, "and we shall devise every fair means we can to extend the class of occupying owner. We want to see more and not less of private property. We want it more spread. It is impossible to exaggerate the value to the citizen, therefore to the state, of a good home. There is nothing so intimate, nothing which so completely reveals the personality. The philosophers themselves, I am advised, justify private property because it is something in the external world which is a material representation of human personality.

"If anything can afford the means of personal growth it is the ownership of the home, however small but one's home, unshared by others outside the family."

In dealing with the difficult housing problem left in England by the war and by various unsatisfactory attempts at government control, the present government proposes to set in action and to stimulate the resources of private enterprise, so that the supply of small houses shall be substantially increased, the premier stated.

"We have to get rid of two things," Baldwin said, "the shortage of houses and the disgrace of the slums. There is no inherent reason why, within our generation, the worst features of urban and rural overcrowding should not be permanently removed."

Best Spring Tonic for Old Folks Is Cod Liver Oil

Great Body Builder, Full of Vitamins
Nowadays old folks are increasing their strength, vitality and endurance by the use of Cod Liver Oil, which according to medical men is full of vitamins and is the greatest body builder in the world.

Scientists tell us that "Cod Liver Oil is useful during every stage and age of life" but at no time is its wonderful building power more clearly demonstrated than in old age.

Why not get 60 tablets today and increase your already decreasing energy and strength? Take them for 30 days and note the pleasure you get from feeling younger again.

There is no question but what they will help you and of that you are the judge—if they don't help—your money will be returned to you by the druggist from whom you bought them—for McCoy's Cod Liver Oil Compound Tablets are rigidly guaranteed. Be sure, however, to get the original and genuine. Ask White Cross Drug Co., 100 S. Kelley Drug Co., Maters' class condition.

So That Builders May Know Values

Thru the public press and thru the enterprise of many far-seeing business men the idea of OWNING YOUR OWN HOME is being impressed upon the mind of the RENTER in Santa Ana during the month of April.

One bugaboo which is heard occasionally is that resale property, built at a previous date, can be bought for less than a new home built today. Careful investigation will show you that this condition is not true in general, only in two exceptional instances.

Property thrown on the market today at a sacrifice price comes under two classes; that which is undesirably located or poorly built and must therefore be given away if it is to be disposed of; that which has become involved in litigation thru financial difficulties, and these few properties in some instances may be bought at considerable advantage.

The point is that building today is not a gamble, but an investment. Choose wisely your site, build a home which fits your pocketbook and you have acted wisely.

Glance hurriedly at the business and commercial building development in Santa Ana today. The need for new and bigger business houses is merely the reflected need of many new families that have built and occupied new homes.

Choose wisely, build YOUR OWN HOME, and the cheap bugaboo will never touch you.

WOODMEN PLAN BIG TIME FOR STATE MEETING

Initiatory ceremonies on a large scale, election and installation of state officers, a big military parade and drill exhibitions, are among the outstanding features of the coming state convention of the Modern Woodmen of America, to be held here May 5 and 6, according to J. G. Mitchell, chairman of the convention committee.

On the night of May 5, a new class of 400 candidates, from all parts of the Southland, will be initiated by a full complement of officers. Exemplification of the ritualistic ceremony will be a feature. The Southern California Boosters Association of Los Angeles, will be in charge of the work, it was announced.

The morning of May 6 will be given to competition drills at the Santa Ana high school athletic field, in which 15 forester teams from all parts of California will compete for prizes. The first prize will be a free trip for the members of the winning team to the national convention in Milwaukee, in June. Other cash prizes will be offered.

In conclusion, Mitchell added that the Santa Ana camp is planning to entertain about 200 guests at this 2-day meeting.

FORTY JURORS HEAR LECTURE BY JUDGE

Jurors assembling yesterday for three months of trial duty in the superior court heard from Judge Z. B. West an enunciation of law, and the juror's proper attitude toward it, that was pronounced a classic of brevity and clarity.

"We don't really get into the philosophy of the law until we have had some contact with it," said Judge West, preparing the jurors for their approaching task. "Many times we are impressed with the fact that law is a sham thing and of not very binding effect or force upon us, in certain particulars. If we could rid ourselves of that, and be in sympathy with the law whether we liked it or not, then it would be, and not until then, that we function as citizens of the commonwealth."

In that statement, said listening attorneys, Judge West disclosed the chief secret of successful jury service.

Continuing his discourse to the jury panel, Judge West explained that certain principles of law will be read to the jury in each case they are called upon to try, so that he believed his remarks covering the subject of a juror's attitude would be of value in assisting understanding of the task at hand. Forty members of the new panel reported for duty yesterday, but dismissal for the case scheduled for trial, postponed actual service for them until next Monday. Thirty members of the panel were left for service after the court permanently excused nine for various reasons and excused one other, W. B. Gibson, for the present week, because of illness in his family. Those permanently excused were: E. M. Crawford, Cora McGuire, J. O. Arkley, B. R. Kratzer, G. B. Croner, W. H. Dreyer, John Akers, Mrs. Mary K. Finlayson and Earl Furrar.

LEAPS TO SAFETY
SAN FRANCISCO, April 23.—One woman, trapped by fire, leaped three stories into a fire net, another was cut by flying glass, and six firemen and a civilian were injured in fighting a spectacular Van Ness avenue fire here yesterday. Fire started in a garage and spread to adjoining hotels.

Right goods, right prices, right service, free delivery. Anderson's.

Astronomy Class Plans Excursion To Observatory

Junior college students in the astronomy and history of science classes will make a trip to the Mt. Wilson astronomical observatory tomorrow in an excursion planned by Miss Jennie B. Lasby, science teacher.

The party is to leave from the high school. It has been arranged for the students to view the big telescope of the observatory. Due to the early return of the party, glimpses of heavens will not be possible through the telescope. A small 12-inch telescope, erected at the college for the astronomy class, has been in use for a number of years. The visit to Mt. Wilson was undertaken to study operations at the observatory.

COUNTY TESTS FOR TEACHERS ARE ANNOUNCED

Arrangements were completed today for the regular semi-annual county examination for elementary teaching certificates, to be held in Santa Ana the first week of June, it was announced today by R. R. Mitchell, county superintendent of schools.

The examination will be held in accordance with rules prescribed by the county board of education. Because of the large turnover of teachers in the grammar grades, particularly in the small districts, it is expected that quite a number of new teachers will apply for certificates.

While a 4-year high school diploma will admit a candidate to examination, it is desired that an applicant should have completed a regular course at a normal school, or have taken a certain amount of work at an accredited college or university, it was intimated.

It was pointed out that the standard of professional equipment is higher in California than in most other states, and that all candidates are required to pass a satisfactory examination in the following subjects: English grammar and composition, English and American literature, drawing, vocal music, bookkeeping, arithmetic, algebra to quadratics, plane geometry, geography—physical, political and industrial, physiology, hygiene, history of the United States, civics, general history, school law, methods of teaching, and one elective of the following: Elementary physics, elementary chemistry, biology.

Honor Students On Day's Outing

Sixty students of the honor society of the Santa Ana polytechnic high school left here this morning to visit the Southwest museum, at South Pasadena.

The party was to make an all-day affair of the tour, going to the alligator and ostrich farms after being conducted through the museum.

Arrangements for the visit were made through J. A. Comstock, director at the museum. Miss Levinia Scott, faculty advisor, accompanied the party.

Stockton Favors New Sea Channel

STOCKTON, April 23.—By a vote of 12 to 1, Stockton was on record today to construct a deep water channel to the sea. A bond issue of \$3,000,000 was voted at Tuesday's election. Less than 1000 ballots were cast against it. Government and state aid will be added to the amount voted by the city.

Last Year Was Too Soon—
Next Year Will Be Too Late—

Now is the Time to Own Your Home

"If You Can Pay Rent You can Own Your Home"

According to those whose business it is to analyze business conditions, it will be many a year before property in Santa Ana will again be so low in price and so easy to buy as it is right now. This is the opportune time to buy local real estate. NOW is the time for YOU to own your home!

During the past eighteen months the trend of residence property prices has been downward, due to general business conditions, to competition in building, to better and more economical methods of building and due to a sort of "recovery period" which naturally follows an "easy money" spending spree, such as this country experienced a couple of years ago. According to observers, both rental and purchase prices of local property have reached the bottom and are again turning for another advance.

The development of an oil field of importance directly south and southwest of Santa Ana is known to be a promising possibility. Oil leases now adjoin the city limits. The best known authorities in the world are so sure of their ground that they have backed their judgment and their private information with more than a million dollars and stand ready to invest unlimited money in the field. They have already advanced far enough to be reasonably certain of the outcome, and they are continuing to pour money into the project. Oil is always a more or less uncertain experiment, but if the confidence of the six or eight big companies now in this field should prove to be justified, then the man who has recently acquired property in Santa Ana would be fortunate indeed.

Taken from every angle, the purchase of a home in Santa Ana, right now, is an excellent business proposition. The purchase of a home, using ordinary judgment, is always a good business proposition, but there is such a thing as a good time and a bad time to buy, and those who ought to know say "BUY YOUR HOME NOW!"

Have You Written Your Essay?

The Santa Ana Board of Realtors is sponsoring an "own your home" campaign in this city during April and is enlisting the support of ministers, luncheon clubs, theatres, and the students of the high school and the two junior high schools.

The various ministers have been asked to preach sermons on the subject of homes; speakers will appear at the luncheon club meetings and at the theatres; and an essay contest will be conducted among the students at the high school and the two junior high schools.

The following rules have been adopted for the essay contest:

1st—Essay subject should be "Why should people own their own homes" and "Why is Santa Ana an especially desirable place in which to own a home."
2nd—Essays must not be over 400 words in length.

3rd—Manuscripts must be clean, legible, written with ink or on a typewriter, and on one side of the paper, only.

4th—Manuscripts must be mailed to the Secretary, Santa Ana Board of Realtors, 304 1/2 Walker Theater Building. Those desiring return of manuscripts should enclose a stamped, self addressed envelope.

5th—The contest will close April 25th, at noon, and no essays will be accepted after that date.

6th—The decision of the judges, A. V. Napier, Realtor; Ralph Smedley, Sec'y of the Y. M. C. A.; O. M. Robbins, Sec'y of the Mutual Home Building & Loan Association; Mrs. John Clarkson, school worker; E. Neil Stanley, Development Editor of The Register; will be announced in the development section of The Register, April 30, 1925.

7th—Eight prizes will be awarded as follows: First—\$15.00; second—\$10; third—\$5.00; fourth, fifth, sixth, seventh and eighth—\$1.00 each. In addition, the essay winning first prize will be published in The Register, April 30, 1925.

Santa Ana Board of Realtors

Why Live On A City Lot? \$500.00

and monthly payments will enable you to have a new home on a whole acre of ground; cheap water in abundance, electricity, and every convenience for comfort. Interest 6 1/2%.

THE GREATEST OF MODERN LOVE STORIES

TESS OF THE D'URBERVILLES

Starring BLANCHE SWEET

If you saw Mrs. Fiske at the height of her career when she electrified the country with her performance as "Tess"; if you read the tremendous novel on which the stage play was founded; or, if you want the memorable thrill of both stage play and novel to come to you in their fresh glory, you should see this production.

From the Thrilling Novel by
THOMAS HARDY

With a Brilliant Cast Including

Conrad Nagel
George Fawcett

Stuart Holmes
Courtenay Foote

Directed by

MARSHALL NEILAN

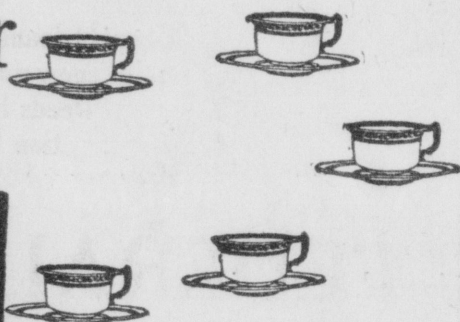

Miss Sweet has given the screen many clever characterizations but nothing so marvelous as "Tess."

STAGE AND SCREEN

One of the big scenes in the American Legion picture, "The Lost Battalion," to be shown at the Temple theater for four days beginning Saturday, under the auspices of the Santa Ana Post No. 131. The picture shows American soldiers trapped by the Germans in the Argonne, in October 1918.

Constance Bennett, Myrtle Stedman and Edward Peil in a scene from "The Wizard of Oz," picture beginning three-day engagement at the Yost theater tonight.

TONIGHT'S ATTRACTIONS
WALKER—Vaudeville and "Tess of the D'Urbervilles," with Blanche Sweet.
WEST END—"The Wizard of Oz," with Larry Semon.
YOST—Vaudeville and "The Goose Hangs High," with all-star cast.

BLANCHE SWEET'S LATEST AT WALKER'S.

A masterpiece of literature became a masterpiece of the screen when Marshall Neilan produced Thomas Hardy's "Tess of the D'Urbervilles," which is the attraction at Walker's theater.
"Tess" affords the producer one of those rare opportunities where, in the action of a great novel transfers itself easily into photographic continuity without losing any of its effectiveness.

The dramatic quality of the story had already been tested through the stage production in the Nineties, when Mrs. Fiske electrified the country through her performance in the title role.
The role of "Tess" in the screen version is played by Blanche Sweet, and when you see Blanche Sweet in the role you will realize that she stands alone as the greatest emotional actress in motion pictures today. She is supported by a cast that includes such favorites as Conrad Nagel, Stuart Holmes, George Fawcett, Courtney Foote, Victory Bateman and Joseph J. Dowling.

The picture was screened in the beautiful rolling farm country of England, with the great climax photographed at the famous Druid ruins at Stonehenge.

LARRY SEMON ONCE WAS NEWSPAPER CARTOONIST.

If the motion picture business should ever lose its vogue there is one screen actor who would not have to search long for a new vocation. That one is Larry Semon the star of "The Wizard of Oz," current attraction at the West End theater.

Semon before entering the movies was a newspaper cartoonist of note and also, although it is not generally known, he is a sleight-of-hand performer of more than average ability.

It is more than possible that Semon may return to the stage. Semon and Frank Baum Jr. are working on a revised and modernized stage version of the famous book and play and it is very likely that Semon will appear in Fred Stone's old role of the lumber "strawman."

It will be of interest to the sport fan to know that the farm scenes of the "Wizard of Oz" were made at the ranch owned by James J. Jeffries, ex-heavyweight champion boxer, at Burbank, California. It was here that the famous cyclone scenes were staged.

"THE GOOSE HANGS HIGH" AT YOST TONIGHT.

James Cruze, noted producer, who jumped into the directorial limelight with "The Covered Wagon" and other cinema successes recently completed a new picture which is being hailed as another screen masterpiece.

"The Goose Hangs High" is his latest of photoplay epics, and local film fans will soon have the opportunity of judging its worth be-

cause it is due tonight at the Yost theater for a three day run.

The story was adapted by Walter Woods and Anthony Coldewey from the Lewis Beach stage play of the same name which reigned in New York and Chicago for several seasons.

It deals with a small-town American family—the Ingals parents and children. All their married life Ingals and his wife Eunice have sacrificed themselves for their children with the result that Hugh, Lois and Bradley have grown up pleasure-loving, extravagant and self-centered.

The plot takes an unexpected turn when disaster threatens the family. How the children rise to the occasion and prove their real worth is developed in a series of vivid, absorbing situations which lead to a surprising climax.

The hand-picked class includes such popular players as Constance Bennett, Myrtle Stedman, Esther Ralston, George Irving and Edward Peil Jr.

Diva Loses \$50,000 Suit Against P. E.

LOS ANGELES, April 23.—Madame Jadwiga Zebrowski, grand opera singer, lost her suit for \$50,000 damages against the Pacific Electric railway.

Judge Walton J. Wood ruled that the singer was guilty of contributory negligence, and not entitled to damages. The case was ordered thrown out of court.

Financial and Market News

WALL ST. JOURNAL

NEW YORK, April 23.—Wednesday's abrupt recovery in the general list gave evidence that vigorous bearish operations had not dislodged sufficient stock for covering purposes, showing that liquidation was fairly well cleared up on the decline checked at the end of March.

Indications of the absence of selling pressure brought further short covering into the early dealings and the general market displayed a strong tone. Substantial advances took place in a number of individual issues in response to special developments. United States Realty was prominent in this class, reaching new high on the recovery at 17 1/2, reflecting the sale of the Hippodrome parcel.

NEW YORK, April 23.—After yesterday's abrupt recovery, stocks developed a pronounced tendency to drift in today's session. Trading experienced marked contraction in volume and price movements through the first four hours were without significance. In the late afternoon, however, indications that the general list was firm, growth in volume, and the action of pivotal issues whose advancing tendencies demonstrated that the bear elements had bid up prices on themselves having found that liquidation was not forthcoming.

With the main body of stocks moving aimlessly throughout the greater part of the session, however, the speculative community was forced to give its principal attention to special issues. Since the close of the day in United States Realty, Western Union, foundation company, Ludlum Steel and Atlantic Gulf and West Indies, American Sumatra, were depressed in the morning hours by the difficulties concerning the company in the shape of a bond maturity due June 1, but the influence of the heaviness of these stocks was brief and the movements which created the greatest activity in the remainder of the session were on the side of rising prices.

L. A. PRODUCE

LOS ANGELES, April 23.—Trading today continued moderate. Few price changes were made with supplies generally good. Bunched vegetables were scarce on account of rain. Fanny asparagus is firmer but ordinary stock cleaned up with little change in prices. New onions are weaker with heavy truck receipts from Coachella Valley.

Apples—California: Yellow Newtowns, \$6.00 to \$6.50 per cwt. Washington, fancy, \$2.50 to \$3.40, extra fancy \$2.50 to \$3.40 per box. Bananas—Central America 6 1/2 to 7 1/4, poor quality and condition, 4 to 5 lb. bunches. Northern, No. 1, \$2.00 to \$2.25; few \$2.50 to \$2.75 crate. No. 2, \$1.25 to \$1.50 crate.

Asparagus—Northern: green, mostly 5 1/2 to 6, few fancy 8c; poorer, 2 1/2 to 4c. Bananas—Central America 6 1/2 to 7 1/4, poor quality and condition, 4 to 5 lb. bunches. Northern, No. 1, \$2.00 to \$2.25; few \$2.50 to \$2.75 crate. No. 2, \$1.25 to \$1.50 crate.

Carrots—Local, best, \$1.25 to \$1.50 per cwt. Poorer, mostly \$1.00 to \$1.25 per cwt. New crop, mostly \$1.00 to \$1.25 per cwt. Imperial Valley, \$1.00 to \$1.25, few \$2.00 crate.

Onions—Stockton: yellow, \$5.00; brown, \$4.00 per cwt. Texas: white, \$3.00 per cwt. Yellow Bermuda \$2.50 to \$3.00 per cwt. Coachella: white wax \$1.25 to \$1.50 per cwt. Yellow, \$1.10 to \$1.20 per cwt. POTATOES—Idaho: sacked Russets \$2.00 to \$2.75 per cwt. Oregon: Burbanks, \$2.00 to \$3.10 per cwt. New stock: San Diego, Carlsbad, best 4 1/2 to 5 lb.

CHICAGO BD. OF TRADE

CHICAGO, April 23.—Grains continued erratic in today's session on the Chicago Board of Trade. The close was irregular, lower for wheat and generally higher for coarse grains. Wheat staged a good rally shortly after midday and brought prices out of the morning slump. The market, however, failed to firm up and on late liquidating long prices dropped back to new low levels. The abnormal bulge was due to an oversold condition and moderately bullish crop advice from the south.

Corn moved up with wheat and managed to sustain a goodly portion of the gain despite the leading cereals' late weakness. Oats moved upward fractionally. Removal of hedging against heavy stocks by last night's elevator fire created a strong undertone. Provisions sagged lower on profit taking.

COTTON MARKET

NEW YORK, April 23.—Cotton opened lower. May, off 14; July 2470, off 19; October, 2440, off 27.

SUGAR AND COFFEE

NEW YORK, April 23.—Sugar easy, raw spot, \$14.00; refined steady, granulated \$15.75 to \$15.85. Coffee, No. 7 Rio on Spot, 20 1/2 to 20 3/4. No. 4 Santos, 24 1/2c.

LOS ANGELES LIVESTOCK

LOS ANGELES, April 23.—Cattle receipts 100; market steady; steers good, \$8.75 to \$9.25; cows 25c higher, bulk \$8.00 to \$8.75.
Hogs—Receipts 300, market active; 220 to 230c higher; 150 to 200 pounds bulk \$12.15 to \$14.25; medium, \$12.25 to \$14.00.
Sheep—Market steady; lambs, \$13.00 to \$13.75; ewes \$3.50 to \$5.00.

BUTTER-EGGS-POULTRY

LOS ANGELES, April 23.—Butter, 43. Extra eggs, 25; case count, 23; pullets, 31; pewee eggs, 25.

BOOTS AND HER BUDDIES

OPAL—THIS IS THE BEST STRAWBERRY SHORTCAKE I EVER TASTED.

BOOTS—I KNOW I'M GETTING TOO FAT. OPAL COOKS SUCH WONDERFUL THINGS I JUST CAN'T KEEP FROM EATING TOO MUCH.

LET'S GO IN AN' WEIGH OURSELVES. JUS' FOR FUN.

ONE HUNDRED AN'—STAND STILL—THIRTY EIGHT.

OH, MY LAND!

BOO HOO HOO! THERE'S ONLY ONE THING. T' DO, CORA. OPAL IS TOO GOOD A COOK—WE'RE GONNA HAVE TO FIRE HER!

OPAL—THIS IS THE BEST STRAWBERRY SHORTCAKE I EVER TASTED.

S. A. MEETS WHITTIER HERE TOMORROW

WEST INDIES
HERE'S THERE LOCAL SPORTS
By Eddie West

Ten round boxing undergoes the ordeal of its "first night" in Orange county tomorrow.

Down at Huntington Beach where Kid Mexico has made a game effort to keep the fistfight art flourishing, the big are light will blaze down on the hempen square again. Telling gladiators will feint and sidestep. The familiar odor of rosin will permeate the air.

Will the game make good?

It has a CHANCE if those concerned with the little beach arena MAKE IT GOOD.

Frankly, boxing is standing on its probationary legs here. It may be true that boxing has inherited a lot of unjust criticism from what happened in the olden days and from all appearances the men in the game are more eager to cleanse the sport than they were in the days when they could boast that it was not on the up-and-up.

Promoters and boxers, more than anyone else, will decide boxing's future. They should remember the game can be ruled off the statute books as easily as it was voted on them.

Vic Alexander and Nick Newman, the participants in the Huntington Beach main event, are to receive a flat guarantee of \$250 each, it is understood. They also will work with the privilege of taking a "percentage" of the "gate" if the house is large enough.

Financially, the promoters should not have to worry opening night. It is not of that about which we would speak.

Now Mr. Kid Mexico—

We have admired the way you boxed. You always tried. You gave the fans a run for their money. You were on the level. You were a credit to the game when the game, unguarded, as it was by state direction, had, we must confess, far more "discredits" than "credits."

Mr. Mexico—Stay on the level with your little arena. You'll find it will pay. Follow every rule of the boxing commission whatever they may be. Play the game cleanly and make others play it the same way. That's your one chance to do something for the game we know you love and wish to help.

It is to be hoped that Lyman Kidman, the mustached mentor of the Santa Ana high school baseball team, had a little tete-a-tete behind the woodshed with Middlebrook, his first baseman, after Tuesday's game with Long Beach.

Not that Middlebrook is a lachap for he isn't. He's a likeable boy and he's hustling all the time but he must learn that a league game is not the time for a one-hand catch when two hands will serve the purpose better.

Perhaps Middlebrook never has read the tragic story of Fred Merkle, one of the brainiest and finest players baseball has produced, who was "ridden" out of the big show and for life stamped as a "bonehead" because he didn't keep his wits about him at a critical time.

The cases of course, are not parallel but if Middlebrook has read of Merkle's great error of omission he will realize that the "bonehead" Merkle when they forgotten all about young Earl McNeely, the rookie whose double won the deciding world series game for Washington, last fall.

"Dazzy" Vance, the National league's premier moundman, hasn't worked a game since opening day because of a boil on his pitching hand, according to a letter received here yesterday by his brother, Fred S. Vance, who lives on North Ross street.

Many local baseball fans who became acquainted with "Dazzy" while he was here last winter have been wondering why the big fireball artist hasn't been taking his regular turn on the ridge.

"Give my regards to all the boys in Santa Ana," Vance wrote his brother. "They are a good bunch and I hope to see them all again some of these days. Tell Joe Steele I'll write him when I get around to it."

WHAT D'YER MEAN, GAY?

HEY WHAT'S THAT LETTER?

WELL, FANATICS, IT LOOKS LIKE THERE'S BEEN DIRTY WORK AT THE CROSS-ROADS - WAIT AND SEE!

SCHEDULE FOR REMAINDER OF SEASON ISSUED

Coach Kidman Believes His Squad Still In Running For Coast League Title

Fourteen games, including four more Coast Preparatory league contests, remain ahead for the Santa Ana high school baseball team according to a complete schedule for the season announced today by Coach Lyman Kidman.

A league conflict with Whittier, to be played at Poly field here tomorrow afternoon, is the first on the books. The other matches will keep the players in their spangles until late in May. The final game will be played a week after the concluding league pastime with Fullerton high school.

Despite the drab showing his charges made against Long Beach last Tuesday, Coach Kidman refuses to be disheartened. He feels that the teams in the league are more evenly balanced than they have been before and that any number of upsets will occur before the boys turn in their suits with the championship race settled.

In the first week of the race, Fullerton took an exciting 3 to 2 battle from San Diego by chasing two runs over the pan after two were out in the last half of the ninth inning. Whittier went into a triple tie with Long Beach and Fullerton by disposing of Pasadena, 4 to 2. Long Beach beat Santa Ana, 3 to 1, in the other contest.

The closeness of all three games goes to show that almost anything may happen between now and May 15 when the league games are completed, Kidman declared.

Oscar Spencer hurled fine enough baseball against Long Beach to win four out of five starts but some bad breaks and some mental displays by his teammates removed what chance he had to lead the club to a victory. Spencer probably will get the Whittier tilt assignment although Kidman may decide to send big "Tex" Reister, another portside, to the hillock.

The full baseball schedule follows:

April 24—Whittier at Santa Ana. (League game).

April 25—Long Beach at Long Beach.

April 26—Fremont (Los Angeles) at Santa Ana.

May 1—San Diego at San Diego. (League game).

May 4—Long Beach at Santa Ana.

May 5—Norwalk at Norwalk.

May 6—Jefferson at Santa Ana. (League game).

May 8—Pasadena at Pasadena. (League game).

May 12—San Pedro at Santa Ana.

May 13—Lincoln at Lincoln.

May 15—Fullerton at Santa Ana. (League game).

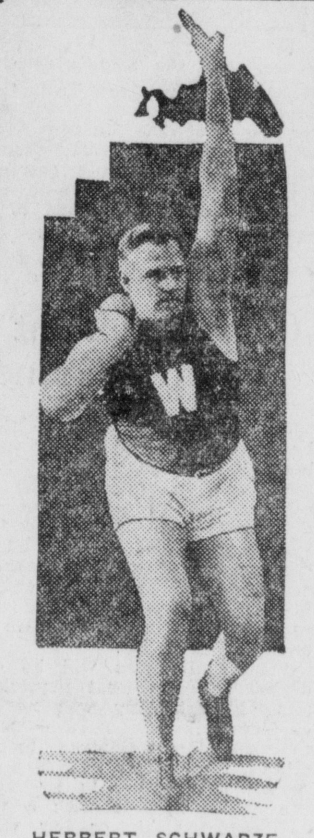

May 19—San Pedro at San Pedro.

May 20—Lincoln at Lincoln.

May 22—Fremont at Fremont.

Kidman's club, with Spencer pitching, blanked Orange, 6 to 0, in a four inning workout at Orange yesterday afternoon. Spencer left-handed the foe into submission granting only two singles. Poly collected eight hits. Beatty and Middlebrook leading the pack with two each. Daley, Reister, Spencer and Siegel were the others who got a blow.

Little Herby Sets Collegiate Record In Shot at Kansas

HERBERT SCHWARZE

"Tiny" Hartnaff, Fullerton boy, no longer holds the national intercollegiate record in the shot put. Herbert Schwarze, University of Wisconsin sophomore, broke "Tiny's" mark at the Kansas relay games last Saturday with a heave of 49 feet, 8 inches.

NURMI GREETED ON ARRIVAL IN L. A. FOR RACE

LOS ANGELES, April 23.—The most elaborate reception ever recorded an athlete in this part of the country was staged at the Santa Fe station here today when the greatest runner of all time, Paavo Nurmi, accompanied by Hugo Quist, his manager, paid his first respects to California.

Mayor Cryer, William May Garland, member of the United States Olympic Games committee, and Zack Farmer, manager of the Coliseum where Nurmi is scheduled to race, headed a group of distinguished citizens whose sole purpose seemed to surround the fleet Finn and hide him from view.

Much speculation is rife as to just what Nurmi is going to do. He is scheduled to race the Sherman Indians Saturday during the big athletic carnival which will be held at the Coliseum under auspices of the Rainbow division.

S. A. COLLEGE TEAM DEFEATS PREP COMBINE

Santa Ana's junior college tracksters won over combined Orange county high school aggregations by a bare margin of two points in track events here yesterday afternoon. Entrants from Huntington Beach, Tustin and Santa Ana contended. Nine events gave the collegians a 41 to 39 victory.

Huntington Beach proved the strongest rival for honors. Twenty-five of the high school total was won by the beach athletes. Tustin high school's one man entry of Marriott chalked up six digits.

Howey Paul and Raymond Dawson were placed in the meet from Poly and eight points were added to the high school score by the pair. Paul's favorite event, the broad jump, was not held because rain made it necessary to call the meet early.

Individual high point winner was Vawter, junior college distance runner. He collected firsts in three events and took second in another contest. Other strong point gatherers for the college were Charlie Webber and Lloyd Morris.

One of the upsets of the meet came when Al Claves, local college sprint king, trailed Paul and Webber to the tap in the 100.

The results:

880—Vawter (JC), first; Adams (HB), second; Mark (HB), third. Time—2 min., 18.4 sec.

100 yard dash—Webber (JC), first; Paul (SA), tied for first; Claves (JC), third. Time, 10.3 sec.

Vawter (JC), second; Webber (JC), third. Time, 11.1 sec.

Shot put—Morris (JC), first; Dawson (SA), second; and Fitz (JC), third. Distance 42 feet, 9 inches.

High hurdles—Webber (JC), first; Marriott (T), second; Armstrong (JC) and Webber (JC) tied for third.

Discus throw—Bradbury (HB), first; Gilchrist (HB), second; Dawson (SA), third. Distance 111 feet.

ORANGE HURDLE PRIDES TIE IN RACE BEFORE TOWNSFOLK

When Bob Maxwell, fleet Pomona College track captain, dashed over a flight of low hurdles in 23.4 several weeks ago he smashed a Far Western record that had stood since 1917.

Los Angeles newspapers heralded the feat widely but they never gave Verle Murray, former Orange high school athlete and twin brother of Earl Murray, present credit for the mark that was shattered.

Verle Murray held the old record of 23.4 seconds jointly with Meredith ("Jud") House, formerly of Stanford and now Santa Ana manager for the Blythe-Witter company. His brother, Earl, has several newspaper clippings to prove this contention.

In Murray and Fred Kelly, 1912 Olympic Games high hurdle king, Orange county produced two of the greatest hurdlers of all time. Both graduated from Orange high school. Kelly went on to U. S. C. while Murray went to Whittier College.

One day in 1917 when Kelly and Murray were in their palmist days, Orange athletic officials matched them for a high stick race as a special feature for an athletic day. There was considerable rivalry between the pair and speculation was rife as to which would be returned victor and receive the plaudits of his fellow townsman.

Neither won. The race was run to a dead heat in the speedy time of 15 seconds even though the track was soft from rain that had fallen the previous day. Murray led the last hurdle but Kelly caught him in the sprint to the tape and by a desperate jump got a tie out of it.

Undoubtedly this was the fastest and most sensational hurdle race ever run in Orange county.

WILLARD WINS OPENING GAME FROM LATHROP

By WYLIE CARLYLE

In the first gam of a two out of three series the Frances E. Willard junior high school ninth grade baseball team bested the Julia C. Lathrop outfit, 11 to 7 at Lincoln field here yesterday afternoon.

Both sides scored heavily in the opening inning.

Musick, Lathrop third sacker, hit a single and Shuchardt bunted safely. Musick stole third and Tucker sacrificed. Musick scoring. Suddoway singled, scoring Shuchardt. Duncan fanned and Hillgass singled and Dugger fanned.

Sullivan, Willard's lead-off man got a double and Hecks reached first on an error. Blakely socked a single tallying Sullivan. Velarde fouled out. Rink walked. Hicks scoring. Ashton singled. Covings, Sullivan and Hicks reached first on errors. Velarde ended the agony with a fan.

Hillgass, Lathrop's pitcher struck out two and his successor, Drysdale, whiffed eight. Early, Willard heaver, fanned 11.

The lineup:

Willard Pos. Lathrop
Early P. Hillgass
Bast C. Beatty
Blakely 1B. Tucker
Rink 2B. Blackburn
Hicks 3B. Musick
Sullivan SS. Shuchardt
Covington CF. Suddoway
Velarde RF. Duncan
Substitutions: Lathrop—Drysdale for Hillgass; Hillgass for Duncan. Willard—Arnold for Velarde.

Piping 'Em Off

YESTERDAY'S HERO — Simmons, Athletic outfielder, doubled in the 11th inning and drove in the run that beat the Red Sox 6 to 5. Boston filled the bases with none out in the tenth and did not score.

Johnny Morrison held the Cubs to five hits and rapped out two triples in a pinch, the Pirates winning 6 to 1.

Hornsby, Holm and Bottomley got two hits each in the first inning when the Cards scored 11 runs which gave them a 12 to 3 victory over the Reds.

Doubles by Joe Bush and Johnny Tobin in the tenth inning scored the run that gave the Browns a 3 to 2 victory over the Indians.

The Boston infield blew up through a bunting attack in the ninth and the Giants won 8 to 5.

Urban Shocker was knocked out of the box in the sixth inning, the Senators beating the Yanks 10 to 1. Meusel's double off Walter Johnson saved the Yankees from being shutout.

Burleigh Grimes, making his first start of the season, was not effective and the Phillies beat the Reds 8 to 7.

Gene Tunney Opens Training

NEW YORK, April 23.—Gene Tunney, American light heavyweight champion, arrived today to establish a training camp for his 15-round bout with Tom Gibbons in the Polo Grounds June 5. Tunney will work out for two weeks at Saratoga Springs and wind up at Summit, N. J.

Hudkins Offered Bout With Terris

LOS ANGELES, April 23.—Ace Hudkins, newly created Pacific Coast lightweight champion, has received an offer to meet Sid Terris at the Queensboro Club of New York City. According to Clyde, the champ's brother, Tom McCardle, matchmaker has offered to give Ace 25 percent of the gross take.

U. S. C. Ball Team Off for Arizona

LOS ANGELES, April 23.—Sam Crawford, coach, and sixteen U. S. C. ball players are on their way to Arizona where the Trojans will meet the University of Arizona team in a three-game series. The first contest is scheduled for tomorrow.

PROMOTERS IN WAR AS THREE BIG BOUTS NEAR

By HENRY L. FARRELL, (United Press Staff Correspondent).

NEW YORK, April 23.—Early skirmishes for dates have started a first class battle among the boxing promoters in New York that will result in some serious bag-holding before the end of the outdoor season.

The schedule, as it now stands, calls for three big bouts between May 29 and June 19 and even the size and spending disposition of a New Yorker can hardly pay the freight on such a cargo.

Paul Berlenbach and Mike McGuire meet for the world's light heavyweight championship May 29 in the Yankee Stadium. Tom Gibbons and Gene Tunney are matched for June 5 at the Polo Grounds and June 19 a benefit fund at the Polo Grounds will bring Harry Wills and Charley Welnet and Mickey Walker and Harry Greb together.

"Gibbons and Tunney are getting \$175,000 and the match won't draw that much," Rickard said. "I used Gibbons, Tunney and Greb in the Garden when they were going good and they didn't draw more than \$70,000. None of them has a big following in New York."

"The card at the Polo Grounds for the Italian hospital will cost more than \$225,000 and I don't see where there will be anything left for charity. Wills is getting \$60,000, Welnet \$25,000; Greb \$50,000 and Walker \$30,000 and in addition the rent of the park has to be taken out and the other incidentals of promotion which are very costly."

It is likely that the Gibbons-Tunney match, which is caught in the middle, will be postponed until the middle of the season.

Maranville Hopes To Rejoin Chicago Cubs In Few Weeks

"RABBIT" MARANVILLE

When the 1925 baseball season got under way the other day, it found "Rabbit" Maranville viewing the proceedings from a seat on the bench instead of in the line-up of the Chicago Cubs. The Rabbit, as you doubtless know, fractured an ankle while playing in an exhibition game out on the coast. Here he is with his present pals—a pair of crutches. He hopes, however, to get back in the game about May 1.

Indoor Baseball Flag Contenders Collidge Tonight

What many indoor baseball fans predict will be the banner game of the City league season is scheduled for tonight at the Poly grounds when the McFadden Hardware company, undefeated leaders, and the O. A. Haley D. B.'s, unquestionably one of the strongest aggregations contending for the championship, clash at 7:30 o'clock.

Despite yesterday's rain the grounds are in good condition and if there is not much more moisture the contest will be played.

Rain caused a postponement of last night's game between the Excelsior Creamery company and the Robertson Electric company teams.

SWIFTS DEFEAT CAYES BY 3-1 SCORE

Swift and Company defeated Santa Ana council, Knights of Columbus, by a 3 to 1 count in last night's Broadway league series. Efker was the big noise of the match, bowling a 243 game and a 603 series. The scores:

Swift and Company

Live News From Orange County Towns

FINE PROGRAM MARKS MEETING OF LIONS CLUB

Business and Professional Women Entertain at Orange Session

ORANGE, April 23.—Discussion of the convention, to be held April 26, 27 and 28, in San Diego, and a program, presented by members of the Business and Professional Women's club, occupied the greater part of the time yesterday, of the meeting, in the Masonic hall here, of the Orange Lions club.

Otto Rodick and George Sherwood outlined the convention program and explained what garb the Orange county Lions, who attend the meet, will wear. All delegates to the convention, according to Mr. Sherwood, will be dressed alike, with the exception of head and sleeve bands. Dark coats, white trousers, socks and shoes will be the uniform dress worn. The sleeve bands to be worn by Orange county Lions will be white, and in the center will be the reproduction of a large orange, inscribed on both sides of which will be the words: "Orange county". Delegates from the city of Orange will wear orange colored neckties also.

The following program was presented yesterday under the auspices of the Business and Professional women:

Piano solo: Miss Ruth Turner.

Vocal solo: Mrs. Gorde, accompanied by Mrs. A. Martin.

Reading: Miss Zorn Hagaman.

Violin solo: Mrs. A. Martin, accompanied by Bees Coe.

Whistling selection: Miss Josephine Duggan, accompanied by Miss Audrey Isabell.

Other members who participated were Miss Mildred Anderson, president of the club; Miss Edna Schaefer, vice president, and Luella Cutright, secretary. A. Swayze was chairman of yesterday's program.

Checker Expert At Orange Wins From 12 Players

ORANGE, April 23.—Playing simultaneously against 15 of the best checker players in Orange county, in the Rochester hotel here Tuesday night, Julius D'Orto, of High Grove, nationally known authority on the silent game of the squared board, lost only three games.

The master wood-pushers, who were victorious over D'Orto, were Jemison, of Orange, and Elliott and Jenkins, of Fullerton, and each of them were awarded a copy of D'Orto's "Mysteries of Dama," checker rule and guide book, which he offered anyone successful in defeating him.

D'Orto's playing was speedy at all times, the veteran of numerous tournaments taking little, if any time, to concentrate on difficult moves. Two games, although resulting in a number of draws in addition to the three defeats chalked against the champion, were finished in about one hour.

ANNOUNCE PROGRAM OF BAND AT BEACH

HUNTINGTON BEACH, April 23.—The Huntington Beach municipal band will give another concert next Sunday afternoon, April 26, at 2:30 p. m., in the band pavilion on the beach. Prof. Harry G. Webber, with his 29 musicians, will render a program of classical and popular music.

The soloists for the week will be Irving D. Parmeter, saxophonist, and Will H. Gallienne, tenor. The band pavilion has been newly painted and additional canvas is being installed to care for the growing crowds and also for the comfort of the people.

Mr. Webber announces the following program for next Sunday: March, "Lights Out"..... McCoy Overture, "Morning, Noon and Night"..... Suppe Saxophone solo, selected..... Irving D. Parmeter, soloist American Fantasia (by request) "Gems of Stephen Foster"..... Tobani Intermmission. Selection, "Naughty Marietta"..... Herbert (First time played at these concerts) Waltz, "The Dollar Princess"..... Fall (First time played at these concerts) vocal solo, "Oh Mable, (by request)..... Kan and Florida..... William H. Gallienne, soloist March, "North Wind"..... Chambers "The Star Spangled Banner".....

RADIO at Gerwing's, 312 Brdy.

WESTMINSTER PLAYERS GIVE COMEDY AT SPRINGDALE SCHOOL MONDAY NIGHT

Under the direction of Mrs. T. E. Turpin, the Westminster Players will offer "Jayville Junction" a two act comedy, at the Ocean View school auditorium Monday evening, April 27. The curtain is scheduled to go up at 8 o'clock. The money from the show is to be divided between the Westminster Presbyterian church and the Wintersburg Methodist Episcopal church. In the picture left to right: Mrs. Velma Johnson, "The Nervous Party"; Mrs. R. F. Johnson, "Lunch Counter Girl"; Mrs. Harry Mansperger, "Scrub Woman"; Loren Whitcomb, "Porter." Leonard photo, Santa Ana.

Talbert

TALBERT, April 22.—Mr. and Mrs. John Shutt, jr., were guests at dinner Sunday at the home of Mr. and Mrs. Raymond Beem at Wintersburg.

Mr. and Mrs. M. C. Hoepfner and small son visited Sunday with Mr. Hoepfner's parents, Mr. and Mrs. J. P. Hoepfner at Compton.

Mr. and Mrs. Clyde Gilbert, son Doyle, and daughter Florine, went Saturday to Lomita where they were entertained by Mrs. Gilbert's brother and sister-in-law, Mr. and Mrs. C. W. Wells. Miss Alpha Gilbert and William Gilbert kept house while the family were away and during the time Miss Alpha had as her guest, Miss Frances Chandler. On Saturday evening the young people entertained their grandfather, L. T. Wells, and their cousin, Edwin Hathaway, of Huntington Beach, and a party of friends including Miss Della O'Quinn, and Robert O'Quinn of Monrovia, and John Russell and Kenneth Knox of Pasadena.

Mr. and Mrs. Tom Gislser were

HIGHWAY LINK MAY BE OPEN BY MAY 1, WORD

NEWPORT BEACH, April 23.—Indications point to the fact that the next link in the Coast line highway from Newport Beach to Laguna Beach will be open about the middle of May. At the noon meeting of the Newport Beach Chamber of Commerce a committee was appointed to confer with the Balboa Chamber in arranging for the celebration, which will be held under the auspices of the South Coast Improvement association.

The new steel bridge over the upper bay was unofficially opened for traffic today.

J. J. Schmitt presided at the Newport Chamber meeting which transacted considerable business. J. A. Porter reported that building permits thus far for April were \$20,975 and the total for the year to date was \$109,196. Mr. Schmitt as treasurer reported a total of \$223.32 collected, of which \$141.82 has been expended on repairing beach apparatus for the kiddies and other expenses.

A joint resolution from the Balboa and Newport chambers will be presented to the board of trustees next Monday, advocating a clean beach and eliminating promiscuous fires and concentrating such fires to six stations on the beach, thus preventing the accumulation of filth.

The matter of rebuilding the domestic water system was taken up and considerable discussion resulted. It was shown that parts of the system are badly in need of repair. A committee composed of Messrs. Burris, Lane and Welsh was chosen to confer with a committee from Balboa.

The subject of the Santa Ana outfall sewer, which empties into the ocean, revealed the fact that its condition at present is unsatisfactory, owing to the stench and to the refuse washing up on the beach. Mr. Porter reported that he had been informed the sewer would be extended a distance of 1500 feet into the ocean and that the present situation would be remedied.

Hosts at dinner Sunday evening, the occasion honoring the birthday anniversaries of Mr. Gislser and of his sister, Mrs. Jack Harpster, of Long Beach. Covers were laid for Mr. and Mrs. Bernard Stoffle and son, Bernard Jr., of Anaheim, Mr. and Mrs. Walter Gislser and son, Mr. and Mrs. Robert Gislser, Miss Agnes Gislser, Miss Lucille Gislser, Harold Gislser, Mrs. Jack Harpster and Mr. and Mrs. Tom Gislser.

A new pump has been installed at the Harper garage. C. H. Archer of Santa Ana has been employed to look after it.

Earl Jesse left in his car Monday morning for San Diego where he was joined by his nephew, LeRoy Ater, who this week finished his course at the naval school in that city. Jesse and Ater planned to drive through the Imperial valley, into Mexico, then to Blythe, where they will be guests of the latter's parents, Mr. and Mrs. O. M. Ater and family. The young men are expected to return here some time next week.

Mr. and Mrs. Harry Harper and son, Jack, were entertained Sunday as guests of Mrs. Harper's brother and his wife, Mr. and Mrs. Earl Patterson of Santa Ana.

Ben Cox and Earl Jesse enjoyed a recent trip to Wilson, Ariz., who has been a guest of her brother-in-law, D. E. Jesse, and family returned to Los Angeles, in company with her son, who motored here for her. Mrs. Jesse, after a short visit in Los Angeles will return to her home and in all probability the family, who are former residents of this section, will return here to live.

Rev. and Mrs. Walter McGehee

and family have moved to Huntington Beach where the Rev. Mr. McGehee will take charge of the Pentecostal church organized in that city recently. The Dr. Castle ranch, of which Mr. McGehee has been foreman, is now in charge of another caretaker for the present and within a very short time it is understood a dairy is to be put in on the place.

Mr. and Mrs. Frank Harper and son and the former's mother, Mrs. J. O. Harper, motored to Long Beach, Monday.

Mrs. David Jesse, who was confined to her bed the past week by an attack of influenza is able to be up a part of each day.

Mrs. Earl Patterson and small son, Billie, of Santa Ana spent Tuesday with her sister-in-law, Mrs. Harry Harper, and in the evening Earl Patterson was also a dinner guest in his sister's home.

Gambling Debt Is Mentioned In Suit Trial

ORANGE, April 23.—F. Anauya, El Modena Mexican, charged in a civil suit heard yesterday morning in Recorder's court here before Recorder G. W. Ingle, was ordered to pay, within the next 10 days, the sum of approximately \$180 to Bautista Cortez, the plaintiff in the case.

Anauya's arrest was made recently on complaint of Cortez, who alleged that the defendant had expressed his unwillingness to repay the \$62 principal on a note held by the plaintiff, or \$100, which Anauya later borrowed from him.

In court yesterday, witnesses testified, through an interpreter, that Anauya had told them that he could not repay the borrowed money until Cortez had paid him a gambling debt of \$100. Anauya admitted borrowing the money, on two different occasions, from Cortez, but he declared he had repaid the plaintiff, and he cited the date upon which he had made the payment.

Cortez and witnesses called to the stand, however, said that the money paid Cortez by Anauya was on a different loan, made previously.

Wintersburg

WINTERSBURG, April 22.—Local young people who attend the Huntington Beach union high school returned Monday to their studies following the close of the week of Easter vacation. But nine weeks of the school term now remains. This community claims several of the member of this terms graduates among whom are Margaret Mallett, Alice Williams, Susan Russell, David Russell, Roscoe Bradbury.

June Slater returned from Escondido where she enjoyed the week of spring vacation at the home of her aunt, Mrs. George Mifcock.

A. B. Peckham spent Sunday at Escondido as a guest of Mr. and Mrs. Arthur Thornton and family, former local residents.

Mr. and Mrs. Raymond Beem were hosts Sunday at a gathering of old friends when they entertained Mr. and Mrs. Homer Hall and son, Los Angeles, Mr. and Mrs. John John Shutt jr., of Talbert and Mr. and Mrs. Jim Mad-dux of Anaheim.

Lottie Nelson, nine year old daughter of Mrs. Chris Nelson, is at the Santa Ana Community hospital where she was taken Friday night of the past week, very ill with appendicitis. The little girl was operated upon immediately. She is recovering nicely from the operation.

Prof. and Mrs. H. O. Ensign and family of Newport were entertained by Mr. and Mrs. E. M. Fox at dinner Sunday. Prof. Ensign is a former principal of the Oceanview school.

Mr. and Mrs. David Russell and family attended, at Sycamore Grove park, Los Angeles, Sunday a picnic held by former residents of Hopkins, Mo., the home town of the Russells, who contemplate moving back this summer. About fifty former residents attended the

AUTO TOURISTS ARE WARNED BY PARK OFFICER

Damage to Grain and Cutting Fences Must Cease Says Jack Meek

ORANGE, April 23.—That auto-picknickers, who willfully disregard signs bearing trespassing and drive their cars through private property, destroying grain and other vegetation, will be dealt with severely in the future, was the declaration made here yesterday by Deputy Sheriff Jack Meek.

According to the deputy, every Sunday a number of picnickers leave the Orange county park, equipped in every possible manner to afford pleasure to the public, and drive their automobiles through private property a short ways from the park.

"Two weeks ago," the deputy sheriff said, "more than 25 cars drove through a grain field and laid low much of the vegetation. No arrests were made at that time, but even now, since signs barring trespassing have been placed, the practice still occurs, and we are going to put a stop to it."

The county officer declared that often people will break barbed wire fences to get through them, and in that way allow cattle to escape to the crowded highways, in that way endangering passing cars and the persons in them. A number of fires also are made by the trespassers, according to Meek, and many of them are left burning. In several weeks, when the dry season commences, the officer said, much fire trouble will occur unless steps are taken at once to punish the trespassers.

picnic, Miss Susan Russell and David Russell went to the city Saturday evening and were over night guests of friends. They joined the family at Sycamore Grove Sunday, returning home with them.

Representatives of both of the local Y. M. C. A. clubs, the "Pioneers" and the "Comrades," were in Hollywood Saturday at the gathering of boys, 2000 strong, who took possession of the Hollywood bowl for the day.

The representatives for the Pioneer club were chosen for the high records in club work and those winning the privilege of attending from here were Kenneth and Dwane Moore and Junior Ruoff. The Comrades appointed only members who could go on that day. Hayden Gardner, Gardner Wilmarth, Fred McMillan and Dean Russell.

"Truth" Play to Be Given Friday By Grove Class

Norma Larson and Leslie Blair, above, take the leading roles in "Nothing But The Truth," a comedy, to be given by the senior class of the Garden Grove union high school Friday evening at the Garden Grove grammar school auditorium, beginning at 8 o'clock. Miss Amy Read is directing the play.

Child Health Conferences at Orange Planned

ORANGE, April 23.—Child health conferences, conducted here by the county health department, and sponsored by the Bureau of Child Hygiene, of the California State Board of Health, will be held in Orange during the month of May for the purpose of correcting any existing defects in the children attending and to prepare them for entrance into school next fall.

Four conferences will be conducted here by local physicians, and although they will not be compulsory, parents are urged to send their children to the clinics, the objects of which are to aid the mother in improving the child's hygiene with a view to improving his or her whole physical condition.

S. A. MAN BUYS OLD HOTEL AT NEWPORT BEACH

Frank Musselman Successful Bidder With Offer of \$400 at Auction

NEWPORT BEACH, April 23.—Frank Musselman of Santa Ana bought a mammoth two-story frame building that cost thousands of dollars to build some thirty years ago, for \$400 this week, when he bid in the old Newport hotel at auction.

The bidding, which attracted a large crowd, as all the furniture and other fixtures were sold, was quite brisk, and when the structure was finally knocked down to the Santa Ana dealer quite a demonstration took place. Mr. Musselman will tear down the building and salvage it. The lumber, much of which is solid and sound with oak beams, etc., is said to be worth several thousand dollars.

Tables, dressers, beds, bedding, wash-stands, French plate mirrors, all of which in their day, were handsome pieces of furnishing, brought but a few dollars. Oak bureaus with large mirrors sold for \$3 and \$4. Massive-built tables brought \$2 and \$3. Carpets sold for \$1 each and rugs went for 10 cents. Old-fashioned wash-stands were gobbled up at 50 cents a gobble.

Low Wallace, beach banker and director in the fashionable Santa Ana Country club, was perched on top of a pile of musty furniture and served as clerk, while George Feasby, whose address on Orange county harbor is an epic of clarity, acted as auctioneer and man of all work. Both represented the Newport Beach Bath House company, under whose direction the auction was held, and who ordered the sale of the structure and its contents.

The site covers 100 by 150 feet at the corner of Ocean and Twenty-third street, and runs back to the alley. A modern hotel will later be erected. The old hotel was the rendezvous for sea captains years ago when they made this port, while the hostelry was the scene of many a party, as it was famous for its cuisine all over Southern California.

Guests Flee When Flames Threaten

OAKLAND, April 23.—Fire yesterday in an adjoining garage sent 150 guests at the Key Route inn scurrying to the street partly clad. All available fire apparatus was rushed to the blaze, which was controlled without damage to the hotel.

Smartness—with economy STUDEBAKER New Standard Six Brougham

\$1725

BOSTON STORE

Bang! Go the Doors—Store for Rent—Fixtures for Sale
316 West Fourth Street, Santa Ana

LOCAL STORE TO
CLOSE FOR GOOD

SALES EVENT
STARTS FRIDAY

"Our last great sale will be our
greatest attempt at bargain giv-
ing."

That was the announcement
made public today by the prop-
rietor of the Boston Store, 316
West Fourth Street, Santa Ana.
It came after final decision to
quit business at that store.

Announcement was also made
that the fixtures were for sale
and the store room was for ren-
t.

The closing event will be
marked by a final clear-away of
all merchandise. Prices are said
to be the lowest ever quoted to
make a quick and complete dis-
posal of the stock.—Adv.

End

The
End

EVENING SALUTATION

One small life in God's great plan,
How futile it seems as the ages roll,
Do what it may, or strive how it can,
To alter the sweep of the infinite whole!
A single stitch in an endless web,
A drop in the ocean's flow and ebb!
But the pattern is rent where the stitch is lost,
Or marred where the tangled threads have crossed;
And each life that fails of its true intent
Mars the perfect plan that its Master meant.
—Susan Coolidge.

FLIVVER PARTS BY AIR

Commercial aviation starts. Henry Ford opens a pioneer line from Detroit to Chicago, not for passengers but for freight. It will carry Ford mail, Ford money and small Ford parts, to the extent of half a ton per trip.

Thus the Ford Motor company, says Edsel Ford, is merely extending its transportation system. It is not making planes for the purpose, but buying them. It wants to use airplanes along with railroads, motor trucks and steamships in carrying on its great business. Ultimately it expects to have air routes branching from its plants in all directions; for long distances.

The experiment will be watched with all the more interest because some of the aviation sharps lately have been saying that the airplane was not good for freight—only for mail and passengers. Henry Ford has a way of refuting experts and making the impractical possible. If he succeeds, other manufacturers and merchants will follow his example.

Anyway here is another evidence of the new life suddenly breathed into aviation in this country. On all sides landing fields are being laid out, routes projected and equipment made ready. It is going to be an interesting year for flying.

UNDERGROUND BROADCASTING

Revolutionary changes and improvements in radio broadcasting may be expected, if the claims of a Maryland scientist are upheld. Dr. James Harris Rogers has been experimenting for many years on the theory that the earth was a better medium than the air for transmitting radio waves. At least, he reports, he has succeeded in broadcasting underground across the Atlantic, as proved by responses from France.

By Dr. Roger's method, the antennae are placed in the ground, and it appears that he uses a greater wave-length than is usual for aerial transmission.

He holds that his system gives three great benefits: No fading, less static, as good transmission by day as by night and much less energy needed for sending. Broadcasting stations with such a system would be far less expensive to install and operate.

There has always been some question whether radio waves travel by land or air, or both. If there is a choice of routes, to be determined by the equipment and wave-length used, it may be that the earth will be preferred thereafter. At any rate, it is a fascinating field of inquiry for the radio bugs.

MAKING WISER DIPLOMATS

It has been proposed to establish a School of International Relations at John Hopkins University as a memorial to the late Walter Hines Page, our ambassador to Great Britain at the time of the World War. This is a fine project, not only well honoring a man who gave his country splendid service, but also helping to build up in this country intelligent understanding of international affairs.

The school would have three aims: First, to develop a science of international relations. Second, to ascertain the facts, so far as they can be found, on any particular problem. Third, to produce a continually growing body of men trained in that science, and available for service in the fields of education, government and business.

The value of such a school would be great. Its service would be much enhanced if many of its lectures were widely published. International relations are about as greatly in need of an intelligent public back of every diplomat as they are in need of better trained diplomats.

LOWER PASSENGER REVENUES

A decrease in railroad passenger revenue of 24 per cent in the last four years is explained as due to bus competition. Buses doubtless have been a factor, and their importance is recognized by some of the railroads starting bus lines themselves to meet outside competition. But there are two other factors deserving attention.

One of them is the steadily growing use of automobiles for long-distance travel instead of trains.

The other is the high passenger rates in force. It has been argued often that people take to other modes of transportation because railroad travel is so expensive, and that the railroads would actually increase their revenue by a moderate lowering of fares. This sounds reasonable to the general public, but does not seem yet to have convinced the railroad operators.

OZONE CURE APPROVED

Ozone is being used in the St. Louis schools to purify the air and combat tuberculosis among the children. It is said to have reduced respiratory diseases 50 per cent and caused a notable improvement in the general health of the pupils.

Now St. Louis men are preaching the gospel of ozone to the rest of the country. At a national heating congress, one of them tells how it will be used in residence heating by mixing it properly with the heated air. One part of ozone in a million will revitalize dead air.

Ozone is merely air super-charged with oxygen. It is found naturally on mountains and at the seashore, and occasionally elsewhere, particularly on a fine morning after a thunderstorm. But it can be manufactured and released at will, thus controlling air conditions indoors. Thus oxygen, the life giver, may save a stifled civilization.

ROAD HOGS A PEST

The federal Bureau of Public Roads, investigating the psychology of "road hogs," finds that the truck driver is not so porcine as he has been pictured.

Truck drivers as a class, the official observers report, drive one foot closer to the outside of the pavement than automobilists do, in order to give an approaching car enough clearance. So it really is the motor car drivers who are the road hogs.

Both classes are bad enough, at times, as every driver knows. But when a truck driver hugs the middle of the road and ignores the warning toot of a car behind that wants to pass, he usually has the excuse of seeking safety for his truck and cargo or of not hearing the horn. The automobilist who dawdles along the middle of the paved strip and refuses to get over seldom has any excuse whatever, unless it be that Nature has made him egotistic, selfish, stolid and discourteous. Of all driving pests, there is none more intolerable.

Lure of the Unknown

San Bernardino Sun.

Officials of the department of commerce are authority for the statement that hundreds of Americans have lost large sums of money, often their entire fortunes, in South American land schemes. Most of these people, it is said, are farmers of the middle west. These schemes are either wholly fraudulent—like many of the "rubber plantations" of some years ago—or are so chimerical under the prevailing conditions as to amount in effect to fraud. They not only "break the word of promise to the hope," but do not even "keep it to the ear," much less the eye.

The officials say that most of the land embraced in these colonial schemes is far from railroads or other contact with civilization or possible markets and some of it is desert. Even if the most fertile land under the sun no scheme of colonizing it with American farmers could succeed under the handicaps of remoteness from market, strange conditions and alien labor and speech. Such a combination spells failure regardless of the quality of the land.

It is a sad, but common, trait of human nature to be satisfied with what is within reach of practicable effort. We are always allured by distance and we heed too much the enthralling pictures painted by speech or imagination of that which is far away. What we are accustomed to, be it the best of its kind on earth, becomes humdrum, and the soul longs for something new. Yet, if any farmer of the middle west or elsewhere finds conditions there not to his liking, if he cannot make a living or cannot buy land at low enough price, there are other places in his home land, where the blessings of civilization, the church and the school, markets and transportation exist, where he can go. Millions of good acres invite him, irrigated desert lands, cutover lands, open prairie lands, where a reasonable sum will purchase a homestead and where there is prospect of success not existing in a foreign country, and where he will be living among his own kind and not another. California is full of such homelike opportunities. There is room here on the soil for five times as many as are now on it, and a market for what they grow. The best place for American farmers is in America.

Demands Drastic Treatment

Sacramento Bee.

Gerald Chapman, notorious mail bandit, convicted recently in Connecticut of murdering a policeman, was sentenced to be hanged.

Even the conservative New York Times has doubts, however, that the sentence—merited as it is—will ever be carried out. For it said a few days ago:

In Chapman's case no excuse can be found (for a modification of the verdict), but his lawyers already are talking of the inevitable appeal and it is not impossible that they may get it.

Not only has there been raised the question of the use of the time table, which so weakened Chapman's alibi, but it is contended that he must serve a federal term in Atlanta before he can be put to death.

In lay minds, these points and others like them are mere legal quibbles; but by just such trifles the course of justice is impeded and even stopped altogether—as was seen last week in Washington in far more important cases than Chapman's.

And because these legal trifles—light as air and generally of no more consequence—are magnified and enlarged on until they obscure the vision of justice, criminal procedure in America has become a scandal and a wrong to the law-abiding citizenry. They are the first refuge of every scoundrel, the life-preserver of many a murderer.

When will the legal profession rise to its opportunity for a great public service by attacking and throttling this evil?

They do these things far better in England.

EDITORIAL SHORTS

The Assembly has passed the bill introduced by Assemblyman Isaac Jones of Ontario, appropriating \$5,000,000 out of the general fund for new road construction during the coming biennial period. If there is more money needed for highway construction than is provided by the usual revenues of the department, this is undoubtedly the place and the way to get it. Why levy a gasoline tax, or a bond issue, when money lies idle in the treasury?—Redlands Facts.

"Rainmaker" Hatfield has received his check for \$3000 from the lower San Joaquin valley farmers for the rain that fell in that section, during a given period. Inasmuch as all the rest of the state shared in the benefit, resulting from Mr. Hatfield's operations (?) somebody must have been stung—but it wasn't Hatfield.—Redlands Facts.

Usually the fellow who starts out as a stormy petrel of politics winds up as a lame duck.—Macon Telegram.

Traffic courts do not object to days which are fine for speeders. The finer the days, the more fines.—Canton Repository.

They do strange things in Texas. Besides electing a woman governor they arrested an oil stock salesman.—Lewiston (Maine) Journal.

YOUR HEALTH

By DR. CLIFFORD C. ROBINSON

HEALTH PENALTIES

A person's highest ambition should be to have a character above reproach and a physical body able to meet every requirement that a sane, normal man or woman calls for in perfect health.

One of the penalties of a life that fails to satisfy the person who has permitted himself to fall into vicious habits is the general weakness that nature imposes upon him, both in body and mind. The weakening body calls for a lessening brain power, as his physical inactivity worries him to the extent of cerebral inactivity to make provisions for sickness and old age.

Fear seizes him and as a result he becomes unable to put forth the mental or physical effort which counts. He is in the grip of fear that paralyzes because it offers no avenue of escape.

Then there is the penalty of losing one's position in life. A man who is weak, fussy or worried, lacks stamina to hold his place in business or society. He cannot resist fatigue, he falters, he lacks courage and persistency. The result is a failure, through wrong habits and careless living.

The habit of keeping your physical condition at its best makes for a happy life. The penalty of loss of sight, good digestion or locomotive power is sure to follow if you break the rules of hygiene and health.

Atta Boy, Henry

California Advances

Pasadena Star-News

California's greatness will be tested, this year, the seventy-fifth anniversary of the state's admission into the Union. Material greatness will be stressed. The great wealth that the state has produced and is producing will be the theme of discussion and congratulation.

There is another form of riches which California has laid up for itself—the riches of spirit and of mind and body. While this state has advanced in material development and in monetary wealth, it also has advanced spiritually. No commonwealth in the Union devotes more attention to religion; no state has more handsome houses of worship than has California, and these are supported generously by great throngs of communicants.

There is a splendid educational system, too. California spends tens of millions of dollars annually on its public and its parochial schools. Enormous sums are spent for housing and for recreation grounds for elementary and high schools. This state, in higher education, takes high rank. Its state university has the largest enrollment of students of any university in the country. Its colleges and universities are well attended and generously supported.

California cares well for the physical bodies of its people. There are abundant facilities for physical culture and the mild climate makes it possible to have wholesome games, pastimes and recreations in the open, practically the year around.

In its home life, California ranks well among the most exemplary of all the states. This state, in a word, exalts religion, and education, and pure home life and the rugged integrities of public and private life.

Remember and cherish these riches during the Diamond Jubilee year of California's history as a state.

Worth While Verse

THE DAFFODILS

I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
All of them as white as crowns,
A host of golden daffodils,
Beside the lake beneath the trees,
Fluttering and dancing in the breeze.

Continuous as the stars that shine
And twinkle on the milky way,
They stretched in never ending line
Along the margin of the bay;
Ten thousand saw I at a glance,
Tossing their heads in sprightly dance.

The waves beside them danced, but they
Outdid the sparkling waves in glee:
A poet could not but be gay
In such a jocund company!
I gazed—and gazed—but little thought
What wealth to me the show had brought.

For oft, when on my couch I lie
In vacant or in pensive mood,
They flash upon that inward eye
Which is the bliss of solitude;
And when my heart with pleasure fills,
And dances with the daffodils.

—Wordsworth.

Time to Smile

THE UNCERTAINTY

An old salt was watching a crowd of youngsters playing periscope near the edge of the pier. Quite suddenly he rushed up to them and seized one and commenced to thrash him.

A passerby, happening to notice the affair, questioned the old man.

"Well," said the old sailor, "it ain't as if I mind whether they fall in or whether they don't, but it's the uncertainty I can't stand."

A YOUNGSTER

It was a hot day and eight cars were waiting their turn at a filling station. The last one was a steaming little rattler with six rattles and a button. Finally it got its turn and the peevish attendant yelled:

"How many gallons?"
The driver of the thing held up one finger.
"Say," belittled the attendant, "What are you tryin' to do? Wean it?"

NEIGHBORLY INTEREST

Maid—"The piano tuner is at the door, ma'am."
Mistress—"But I never asked him to come."
Maid—"Yes, but the lady next door did."

Little Benny's Note Book

by Lee Pope

Last nite my sister Gladdis drew a sketch of pop wile he was smoking and thinking, and then she showed it to him, saying, There, how do you like it, father?

Yee gods how I've changed, pop sed. If I thawt I looked like that it would cast a shadow over my hole life, he sed.

Wy father, thats one of the best things I ever did and Im going to take it to art skool and exhibit it, Gladdis sed.

Wat are you going to tell everybody who it is? pop sed.

I will if they ask me, Gladdis sed.

Well they'll ask you all rite, nobody could see that thing without wanting to know wat its supposed to be, pop sed.

Father I think your awful, thats one of the most artstic things I ever did and Im going to tack it up and see wat the other girls think of it, Gladdis sed.

Well let me see now, on 2nd thawt I see hidden virtues in the darn thing, on 3rd thawts I like it very much and Ill buy it from you, 5 dollars just as it stands, hows that? pop sed.

Thats a fair price for jest a hasty sketch, but I wont sell it unless you promise not to tare it up, Gladdis sed.

I promise, pop sed.

Or bern it either? Gladdis sed, and pop sed, I should say not, and Gladdis sed, Or smudge it? and pop sed, Not a smudge, and Gladdis sed, Well thats all the ways I can think of, wares the 5 dollars?

Heer, pop sed. And he gave her a 5 dollar bill and she went out and pop sed, Benny, take this werry bit of art down in the yard and berry it with appropriate ceremonies.

How do you meen, pop? I sed.

O, jest get a shovel, pop sed, Wich I did.

Balto, The Canine Hero

Sacramento Bee

In February last, the nation was thrilled by the courage and daring of a dog team, which, in defiance of the elements, then at their worst in Alaska, carried diphtheria serum to Nome, where an epidemic was raging.

A little later it was learned that but for the pluck, persistence and wonderful sagacity of Balto, the leader of the dog team, this splendid run could not have been successful.

So Balto at once became a national hero. His praises were sung by the newspaper and voiced in every home. He was a guest of honor in Seattle and numerous other cities, after his safe return from Nome. It was not, however, merely a case of every dog having "his day"; his splendid courage had enshrined him in the hearts of the people.

But cold-blooded objections have been made. It has been said that the discoverer of the anti-toxin, or the horse whom

whose veins the Nome supply was obtained, was more deserving of such distinction than the gallant dog that set his determined teeth against the icy Alaskan tempest and inspired his team-mates to struggle through to Nome.

Cleverly ridiculing the unsympathetic objectors and obstructionists, Albert Payson Terhune, in a letter to the New York World, voices the general sentiment that a monument be erected to Balto, "to acclaim a mighty job mightily achieved."

This would be not alone an honor to the four-footed hero. It would be also a tribute to the sympathy and appreciation that dwell in the heart of humanity.

But, monument or no monument, here's hoping that in the years to come millions of good dogs in America successfully will bear the name of Balto, and thereby perpetuate the fame of the Alaskan benefactor.

Farewell, Whale

Now it is the whale that is menaced with early extinction. Modern methods of capturing these mighty creatures of the sea are responsible for their gradual disappearance. The gun-harpoon has made it possible to catch nearly 12,000 whales in the Falkland Island region alone in a single year.

It is said that steel is replacing whalebone in many of its uses, and petroleum is substituting successfully in the industries that formerly required whale oil.

Perhaps something will be done to spare the whale, just as protection is being developed for many smaller creatures of the earth, air and water. Certainly it would be a difficult proposition to keep the last whale in an aquarium or a museum.

Some of the beasts of the days when the world was young are supposed to have disappeared naturally as their usefulness was outgrown or they failed in the evolutionary process of adapting themselves to changing conditions. In the present period, however, it is man's reckless slaughter of wild things that is making for their extinction and depriving coming generations of the pleasure and profit of seeing them in real life instead of pictures and museums.—Shreveport Journal.

Fire destroyed the city hall in Alton, Ill., where Lincoln and Douglas debated in 1858.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

NO. 16—THE KING AND QUEEN DINE

When the King and Queen of Beanstalk Land arrived at the Royal Palace in their golden coach, the cook told the butler to tell the counselor to tell the lord high commissioner to tell the Royal Highnesses that dinner was ready.

"Come right away, then," said the queen to the king. "Don't wait to take off your crown. I can't bear cold soup."

So the royal pair went straight to the dining room with their crowns on.

Who should be hiding behind those very crowns but Nancy and Nick and Mister Whizz. Nancy and Nick were hiding in the king's crown and Mister Whizz was hiding in the queen's crown—and someone else was hiding, too!

Snitcher Snatch, the goblin, was hiding under the folds of the queen's high gold lace collar.

The king sat down and the queen sat down, and the lord high something or other pushed in their chairs, while the butler ladled the hot soup out of a big golden soup tureen as big as a washing tub.

"Sup!" went the king loudly, tasting his soup.

"Sup!" went the queen, also quite loudly.

"This is good soup," said the king.

"Marvelous soup!" said the queen. "I shall have to give the cook a raise in wages. Ten cents a week more isn't a bit too much for anyone who can make such delicious soup as this. Sup!"

"Sup!" went the king. They were so interested in their soup that their crowns kept slip-

ping. "We'll soon be in the soup ourselves if we stay here," whispered Nick. "We'll have to get out of this."

So they slipped down to the table and hid in a dish of fruit without being noticed. Mister Whizz managed to get to the vase of flowers in the center of the enormous table and hid in a tulip.

But Snitcher Snatch stayed where he was, under the gold lace in the queen's collar—planning mischief.

Pretty soon he took a pinch of snuff out of the magic snuff-box and blew.

The queen was about to sup another spoonful of soup when she sneezed with all her might. Off flew her crown and the soup flew all over the dining room, and some of it got into the king's eye.

"Fine manners you have!" roared he reaching for his napkin. Just then some of the snuff got up his own nose.

"A-a-achoo!" went the king. Off flew his crown, and his whole plate of soup flew in all directions.

"Fine enough manners for you to copy," retorted the queen. "My dress is ruined."

"I'm sorry, my dear," apologized the king. "That's the worst sneeze I've sneezed since I had the influenza."

Which shows that you can't sneeze anything—not even a sneeze if you are not in the right state of mind for it.

(To Be Continued)
